SCIENCE
Vol. 109    No. 2831    Friday, April 1, 1949

CONTENTS

The Responsibility of the Anthropologist: Harry L. Shapiro ............................................. 323

The Use of Autoradiographs in the Quantitative Determination of Radiation Dosages from Ca\(^{45}\) in Bone: Robert A. Dudley and Brown M. Dobyns .................................................. 327

Technical Papers

Absorption of Radioactive Calcium by the Peanut Fruit: Roger W. Bledsoe, C. L. Comar, and H. C. Harris ................................................................. 329

The Influence of Delta and Gamma Benzene Hexachloride upon the Oxygen Uptake of the Brain: Bernard P. McNamara and Stephen Krop .... 330

Color Change of Strawberry Anthocyanin with D-Glucose: Ernest Sondheimer and Frank A. Lee ................................................................. 331

The Effect of Pteroylglutamic Acid on the Aromatic Amino Acid Metabolism of Premature Infants: C. D. Govan, Jr., and Harry H. Gordon ................................................................. 332

A Method for Self-Control of Population Growth among Mammals Living in the Wild: John B. Calhoun ................................................................. 333

Chemical Analysis of Spectrophotometric Findings in the Cerebrospinal Fluid: M. Spiegel-Adolf, H. T. Wyels, and E. A. Spiegel ................................................................. 335

Some Effects of Nonherbicial Concentrations of 2,4-D on the Development of the Bean Plant: Victor A. Greulach and Sucha Singh ................................................................. 336

The Effect of Castration and of Testosterone upon the Respiration of Rat Brain: Eugene Eisenberg, Gilbert B. Gordon, and Henry W. Elliott ................................................................. 337

Comments and Communications

Glycine Reagent for Paper Chromatograms; Nomenclature of the Soybean; Two Ancient Archeological Sites in the Great Basin ............ 339

In Memoriam

William Thomas Shaw: Perez Simmons ................................................................. 341

Scientific Book Register ................................................................. 342

News and Notes ................................................................. 343

Manuscripts submitted for publication should be sent to the Editorial Office, with stamped, self-addressed envelope enclosed for possible return. The AAAS assumes no responsibility for the safety of the manuscripts or for the opinions expressed by contributors.

Annual subscription, $7.50; single copies, $2.25; foreign postage, outside the Pan-American Union, $1.00; Canadian postage, $.50. Remittances and orders for subscriptions and single copies should be sent to the Circulation Department. Science, 1515 Massachusetts Ave., N.W., Washington 5, D. C. Membership correspondence for the AAAS should be addressed to the Administrative Secretary at the same address.

Change of address. Four weeks' notice is required for change of address. This should be sent to Science Recorder, 1515 Massachusetts Ave., N.W., Washington 5, D. C. When ordering a change, it is necessary to furnish an address label from a recent issue. Claims for a missing number will not be allowed if received more than 60 days from date of issue. No claims allowed from subscribers due to failure to notify the Circulation Department of a change of address or because an issue is missing from their files, or for any reason from subscribers in Central Europe, Asia, or the Pacific Islands (other than Hawaii).

The AAAS also publishes the Scientific Monthly. Subscription rates on request.
