CONTENTS

Is There a Science of Instrumentation?: E. U. Condon .......... 339
Operational Aspects of Instrument Design: Churchill Eisenhart ............. 343

Reports of Meetings

The Fourth Annual Conference and Exhibit of the Instrument Society of America; Fourth Conference on Low Temperature Calorimetry; Symposia on Conformal Mapping and the Monte Carlo Method; International Conference on Instruments and Measurements ........ 347

Summaries of Selected Papers

From the 1949 National Instrument Conference: A Mass Spectrometer for Isotope Ratio Determinations; The Photograph Plate as an Instrument in Nuclear Research Autoradiography and Radiation Monitoring; Industrial Radar for Hurricane Tracking; Cosmic Ray Instrumentation; Dynamic Accuracy in Temperature Measurement; Velocity and Flow Measurements with an Improved Thermal Instrument; Light Rays Can Be Tools; The Differential Transformer as Applied to Instrumentation ............... 354

From the 1949 Gordon Research Conferences: X-Ray Powder Diffraction Analysis Film and Geiger Counter Techniques; Two Radioactive Methods for Studying Certain Gas-Metal Reactions; Instrumental Methods of Studying Some Properties of Aerosols; A Contact Modulated Amplifier and Some of Its Laboratory Uses .......................... 368

Technical Papers

Avoiding Trial-and-Error in Inframammographic Photography: E. Ross Jenney ................. 378
Improvements in the Making of Special Photographic Emulsions for Nuclear Physics: Pierre Demers ...................... 380
Sensitivity of Gamma-Ray Counters: Gerald J. Hine ............................... 380

News and Notes ...................................................... 384

Science, a weekly journal founded in 1880, is published each Friday by the American Association for the Advancement of Science at the Business Press, 10 McGowen Ave., Lancaster, Pa. Editorial and Advertising Offices, 1515 Massachusetts Ave., N.W., Washington 5, D.C. Telephone, Execu-

Manuscripts submitted for publication should be sent to the Editorial Office, with stamped, self-addressed envelope enclosed for possible return. The AAAS assumes no responsibility for the safety of the manuscripts or for the opinions expressed by contributors.

Annual subscription, $7.50; single copies, $2.25; foreign postage, outside the Pan-American Union, $1.00; Canadian postage, $5.00. Remittances and orders for subscriptions and single copies should be sent to the Circulation Department, Science, 1515 Massachusetts Ave., N.W., Washington 5, D.C. Membership correspondence for the AAAS should be addressed to the Administrative Secretary at the same address.

Change of address. Four weeks' notice is required for change of address. This should be sent to Science Recorder, 1515 Massachusetts Ave., N.W., Washington 5, D.C. When ordering a change, it is necessary to furnish an address stencil label from a recent issue. Claims for a missing number will not be allowed if received more than 60 days from date of issue. No claims allowed from subscribers due to failure to notify the Circulation Department of a change of address or because an issue is missing from their files, or for any reason from subscribers in Central Europe, Asia, or the Pacific Islands (other than Hawaii).

The AAAS also publishes The Scientific Monthly. Subscription rates on request.
110 (2858), 339-386.
