# Table of Contents

Science and the Study of Mankind:  
Laura Thompson ........................................ 559

Scientific Coordination in the South Pacific:  
Loring G. Hudson ...................................... 564

Technical Papers

The Recovery of Auditory Nerve Action Potentials after Masking:  
Joseph E. Hawkins, Jr. and Michael Kniazuk 567

The Effect of Exposure to Loud Tones upon Animal and Human Responses to Acoustic Clicks:  
Walter A. Rosenblith, Robert Galambos, and Ira J. Hirsh ................. 569

Identification of Estrogens by Paper Chromatography:  
Erich Heftmann ....................................... 571

Enzymatic Activities of Isolated Normal and Mutant Mitochondria and Plastids of Higher Plants:  
H. G. duBuy, M. W. Woods, and Mary D. Lackey .......................... 572

The Significance of Nonclassical Statistics:  
R. V. L. Hartley ..................................... 574

An Analysis of Multiple Counter Technique for the Measurement of Radioactive Sources Independent of Geometry:  
Saul Hertz et al. ...................................... 576

Isolation of a Steroid Hormone from the Adrenal-Vein Blood of Dogs:  
Don H. Nelson, Hans Reich, and Leo T. Samuels .......................... 578

The Effect of 2,4-Dichlorophenoxy Acetic Acid and Various Other Substances upon the Respiration of Blue Lupine Seedling Roots:  
Fred R. West, Jr. and James H. M. Henderson ......................... 579

Comments and Communications

Prosodic Patterns and Oral Stress: The Use as Test Material of Inbred Strains of Mice Having High Frequencies of Audiogenic Seizures .... 582

Scientific Book Register ................................ 583

News and Notes

ONR Conference on Physics and Chemistry of High Temperatures: Joseph H. Lawser ........................................................................ 584

Conference on Interpretation of Steroids and Enzymes: Charles D. Kochakian ................................................................. 585

---

Manuscripts submitted for publication should be sent to the Editorial Office, with stamped, self-addressed envelope enclosed for possible return. The AAAS assumes no responsibility for the safety of the manuscripts or for the opinions expressed by contributors.

Annual subscription, $7.50; single copies, $2.25. Canadian postage, $5.00. Remittances and orders for subscriptions and single copies should be sent to the Circulation Department, Science, 1515 Massachusetts Ave., N.W., Washington 5, D.C. Membership correspondence for the AAAS should be addressed to the Administrative Secretary at the same address.

Change of address. Four weeks' notice is required for change of address. This should be sent to Science Recorder, 1515 Massachusetts Ave., N.W., Washington 5, D.C. When ordering a change, it is necessary to furnish an address stencil label from a recent issue. Claims for a missing number will not be allowed if received more than 60 days from date of issue. No claims allowed from subscribers due to failure to notify the Circulation Department of a change of address or because an issue is missing from their files, or for any reason from subscribers in Central Europe, Asia, or the Pacific Islands (other than Hawaii).

The AAAS also publishes The Scientific Monthly. Subscription rates on request.
Science 111 (2891), 559-588.
