Table of Contents

Riboflavin, Light, and the Growth of Plants: Arthur W. Galston ........................................... 619

Technical Papers
   Static Electricity Elimination During Sectioning with a Microtome: Oscar W. Richards and Rolland L. Jenkins ...... 624
   Preparation of Nonprotein Fractions Possessing Adrenocorticotropic Activity from Sheep ACTH Protein: I. I. Geschwind et al. .................................................. 625
   Use of a Wire Recorder for Recording Geiger-Müller Pulses: William B. Miller, Jr. 626
   Ultraviolet Microscopy and Microspectroscopy of Resting and Dividing Cells: Studies with a Reflecting Microscope: Robert C. Mellors et al. 627
   Cataloguing of Infrared Spectra: Carl Clark ................................................................................. 632
   Colloidal Dispersion of Chloroplast Material: H. W. Müller, N. S. Lawrence, and C. S. French ....................... 633

Lesions of the Coronary Arteries and Great Vessels of the Dog Following Injection of Adrenalin. Their Prevention by Dibenamine: L. L. Waters and G. I. deSuto-Nagy .............................................. 634

The Presence in Animal Organs and Human Blood of a Peptide Detected by Paper Chromatography: Robert Fuerst, Alton J. Landua, and Jorge Awaapara ......................................................... 635

Book Reviews
   Science Is a Sacred Cow; Brazilian Culture; Experimental Designs; Surface-Active Quaternary Ammonium Germicides; The Physical Chemistry of Electrolytic Solutions ................................................................. 636

Association Affairs
   AAPG Action on the Visscher Report ......................................................................................... 638

News and Notes
   Meeting of the American Physical Society: Vivian A. Johnson ...................................................... 639

Manuscripts submitted for publication should be sent to the Editorial Office, with stamped, self-addressed envelope enclosed for possible return. The AAAS assumes no responsibility for the safety of the manuscripts or for the opinions expressed by contributors.

Annual subscription, $7.50; single copies, $.25; foreign postage, outside the Pan-American Union, $1.00; Canadian postage, $.50. Remittances and orders for subscriptions and single copies should be sent to the Circulation Department, Science, 1515 Massachusetts Ave., N.W., Washington 5, D. C. Membership correspondence for the AAAS should be addressed to the Administrative Secretary at the same address.

Change of address: Four weeks’ notice is required for change of address. This should be sent to Science Recorder, 1515 Massachusetts Ave., N.W., Washington 5, D. C. When ordering a change, it is necessary to furnish an address stencil label from a recent issue. Claims for a missing number will not be allowed if received more than 60 days from date of issue. No claims allowed from subscribers due to failure to notify the Circulation Department of a change of address or because an issue is missing from their files, or for any reason from subscribers in Central Europe, Asia, or the Pacific Islands (other than Hawaii).

The AAAS also publishes The Scientific Monthly. Subscription rates on request.
