Table of Contents

Self-Awareness and Scientific Method:  
George F. F. Lombard .................................................. 289
Clifford Dobell, F.R.S.: 1886-1949:  
Gordon H. Ball .......................................................... 294

Technical Papers

The Influence of ACTH and Cortisone on Certain Factors of Blood Coagulation:  
R. W. Smith, et al. ..................................................... 295

The Nucleus-Dependence of P32 Uptake by the Cell:  
Daniel Mazia and Henry I. Hirschfield ........................ 297

The Use of a Radioactive Isotope in Determining the Retention and Initial Distribution of Airborne Bacteria in the Mouse:  
L. J. Goldberg and W. R. Leif ........................................ 299

Intracellular Distribution in Rabbit Liver of Injected Antigens Labeled with I131:  
Charles F. Crampton and Felix Horovitz ......................... 300

The Differential Induction of Lethal Mutations by Formalin in the Two Sexes of Drosophila:  
Irwin H. Herskowitz .................................................. 302

Lethal Mutation Rate in Drosophila Treated with 20-Methylcholanthrene:  
Walter J. Burdette ..................................................... 303

Arylcycloalkylamines:  
Alfred Burger, et al. .................................................. 306

Crystalline+ Chromogen Obtained from Bombyx mori:  
Y. Hirata, K. Nakanishi, and H. Kikkawa ......................... 307

Built-up Poultry-House Litter as a Growth-promoting Supplement for Chicks  
on an All-Vegetable Vitamin B12-deficient Diet:  
E. R. Halbrook, A. R. Winter, and T. S. Sutton .................. 308

Preliminary Results on the Crystal Structure of Some Ammonium Salts with Substituted Aliphatic Chains:  
G. L. Clark and C. R. Hudgens ...................................... 309

Growth Layers on the Teeth of Pinnipedia as an Indication of Age:  
Victor B. Scheffer ..................................................... 309

Comments and Communications

A Commentary on Structural Variation in Conifer Wood; Maximal Consumption of Ethyl Alcohol; Textbooks and Courses in General Biology .................................................. 312

Book Reviews

Geochemistry; Physical Methods in Chemical Analysis; The Autobiography of Robert A. Millikan; Heterocyclic Compounds; The Chemistry of Heterocyclic Compounds; Natural Regions of the U.S.S.R.; A History of Biology; The Practice of Medicine ................. 315

Scientific Book Register .................................................. 318

News and Notes ............................................................ 319

All correspondence should be sent to Science, 1515 Massachusetts Ave., N.W., Washington 5, D.C. The AAAS assumes no responsibility for the safety of manuscripts or for the opinions expressed by contributors. Four weeks' notice is required for change of address, and an address stencil label from a recent issue must be furnished. Claims for a missing number will be allowed only if received within 60 days from date of issue.

Annual subscriptions, $7.50; single copies, $.25; foreign postage, outside the Pan-American Union, $1.00; Canadian postage, $.50.

The AAAS also publishes The Scientific Monthly. Subscription rates on request.
