Personnel Placement

Your ad here reaches over 32,000 foremost scientists in the leading educational institutions, industrial laboratories, and research foundations in the U. S. and 76 foreign countries—at a very low cost.

Classified: 15¢ per word, minimum charge $3.00. Use of Box Number, counts as 10 additional words.

Display: $17.50 per inch, no charge for Box Number.

Correct payment to SCIENCE must accompany all ads. Insertion usually made 2 or 3 weeks after receipt of ad.

Science • 1515 Mass. Ave., N.W., Wash. 5, D. C.

Positions Wanted

Bacteriologist: Ph.D.; five years’ teaching experience, medical school. Research: bacterial metabolism, publications. Desires industrial or academic position. October 1st. Box 549, SCIENCE.

Biochemist: Ph.D. particularly well trained in mammalian physiology and biochemistry as related to endocrine function; five years’ teaching; several years, director, research in industry; for further information, please write Burmeister Larson, Medical Bureau, Palmolive Building, Chicago.

Botanist: Ph.D. this August; desires teaching position. Basic training: botany, zoology, and bacteriology. College teaching experience. Sigma Xi, Ruth Thomas, Box 1157, Vanderbilt University, Nashville, Tennessee. 6/29

Geologist: M.A., D.Sc. etc.; practicing consultant South Africa; formerly teaching stratigraphy and paleontology; many publications; radio and editorial experience; seeks teaching/research post in U. S. A. Please write Box 1839, Johannesburg, South Africa.

Physicist: Ph.D., with seventeen years experience in industrial research and university teaching, desires academic position. Strong background of geophysics and mass-spectrometry. Box 5-4, SCIENCE.

Positions Wanted: Physiologist-Pharmacologist—Ph.D., Male, publications, experienced teacher. Box 548, SCIENCE.

Students—Employers

Take advantage of the summer months with part-time positions. Students seeking valuable practical experience and employers in need of additional help can secure same thru a low cost, effective classified ad in SCIENCE. See above for rates.

Positions Open

Bacteriologist: Non-medical; Ph.D.; Salary to $4600; Mid-west University. Box 546, SCIENCE.

Bacteriologist: M.S. or Ph.D. in Bacteriology. Minimum 2 years experience in industrial fermentation control; microbiological assays. Maintain cultures and develop new assay methods. Must be good teamworker, and capable of supervising group of five or ten technicians. Laboratory located Northern New Jersey. Company expanding fermentation facilities, offers excellent opportunities. Reply giving age, full account of experience and accomplishments, education and salary requirements. Apply in confidence. Box 347, SCIENCE.

Bacteriologist-Biochemist: Research in cell morphology, physiology. Full time, or combined with graduate study. Send qualifications with first letter. J. W. Bartholomew, Bacteriologist, University of Southern California, Los Angeles.

Pharmaceutical Chemist or Manufacturing Pharmacist • with B.S. or M.S., for research and development of new drug products and quality control. Some experience or training in manufacturing pharmacy required. Rapidly growing midwest ethical drug company. In reply, give details of training, experience and salary expected.

PITUITARY-ADRENAL FUNCTION

6×9 inches, illustrated, clothbound, 224 pages—$4.00
Price to AAAS members for prepaid orders—$3.50

PITUITARY-ADRENAL FUNCTION continues the AAAS tradition of presenting in book form the collected papers presented at symposium programs of wide interest. This volume includes 22 papers delivered at a two-day Symposium on the Adrenal Cortex at the AAAS meeting in New York City, December 1949.

PITUITARY-ADRENAL FUNCTION assembles important contributions of a score of laboratories in the United States and Canada from which many of the recent major advances in pituitary-adrenal physiology and therapeutics have come, and includes studies on the regulation of adrenal cortical activity, the role of the cortical hormones in protein, carbohydrate, and mineral metabolism, and effects of the cortical steroids and the ACTH in various disease states. A summary chapter on “Adrenol socence” by Dr. George Perera forecasts some of the possible future trends in this active field of endocrine research.

AAAS PUBLICATIONS • 1515 Mass. Ave., N.W., Washington 5, D. C.

No other microscopes made anywhere stand hard usage and passing years better than Leitz instruments. Even so, there may be times when damage and wear put your Leitz microscope in need of expert attention.

It's good to know that whenever your microscope does need repairs or reconditioning, you can rely on the skill and experience of technicians schooled in the Leitz traditions of craftsmanship. Manning the completely equipped and stocked Leitz Service Department in our New York plant, they stand ready to assist you whenever the need arises.

For information, write Dept. SC

E. LEITZ, Inc., 304 Hudson Street, New York 13, N. Y.

LEITZ MICROSCOPES • SCIENTIFIC INSTRUMENTS • BINOCULARS
LEICA CAMERAS AND ACCESSORIES
For **ALL** these Modern Advantages Choose an **SPENCER MEDICAL MICROSCOPE**

**BUILT-IN ILLUMINATOR,**
optional equipment, tilts with microscope, furnishes permanently adjusted fullfield illumination.

**AUTOFOCUS** facilitates study of slides of similar thickness in rapid succession, reduces slide breakage, and prevents racking objectives into condenser.

**PINCH-GRIP,** built-on mechanical stage, enables slides to be interchanged without disturbing stage settings.

**CUSTOM TENSION** substage and coarse adjustments may be set to your individual touch.

**AMERICOTE OPTICS** (optional), reduce internal reflections and provide better image contrast.

Into each new AO Spencer Medical Microscope feature after feature has been engineered to minimize manipulation and leave you more time for productive observation. Ask your distributor for a demonstration, or write Dept. T5.

Since we are currently supplying both military and civilian needs, instrument deliveries cannot always be immediate.
