Contents

Experimental Pharmacology and Measurement of the Subjective Response: Henry K. Beecher .................................................. 157

News and Notes ........................................................................ 162

Technical Papers

Some Pharmacologic Characteristics of Isonicotinyl Hydrazide (Pyridin®), a New Antituberculosis Drug: John F. Reinhard, Eugene T. Kimura, and Rubin J. Schachter ................................................................. 166
Absorption of Nutrients by Stems and Branches of Woody Plants: H. B. Tukay et al. ................................................................. 167
The Activity of α-Glucosidase as Determined by Adsorption Indicators: Benjamin Carroll and John W. Van Dyk .................. 168
Systemic Stress as an Inhibitor of Experimental Tumors in Swiss Mice: Harold A. Rashkis ......................................................... 169
A "Purkinje Shift" in Insect Vision: Milton Fingerman and Frank A. Brown, Jr. .......................................................... 171
The Protective Effect of Glutathione against Radiation-induced Chromosome Aberrations: Knut Mikaelsen ......................... 172
Absorption Spectra and Isomerization of the Chlorophylls: Harold H. Strain ........................................................................ 174
Equilibria between Species of Chlorophylls in Solution: Simon Freed and Kenneth M. Sancier ......................................................... 175

Comments and Communications

Ernest Borok, Kathryn H. Clisby, Paul Erdös, Florida Committee on Science and Public Affairs, Jacques Monod, Kenneth B. Raper et al., Francis J. Ryan, and Paul B. Sears ........................................ 176

Book Reviews

Handbook of Turtles; Chemistry of Carbon Compounds; The Theory of Atomic Spectra; The World of Learning ......................... 181

Scientific Book Register ................................................................ 182
Fat and Oil Progress ................................................................... 3
Meetings & Conferences .............................................................. 14
