Contents

Different Philosophies of Genetics: Richard B. Goldschmidt .......... 703

Some Aspects of the Chemistry and Biochemistry of Cholesterol:
Louis F. Fieser .......................................................... 710

News and Notes

125th National Meeting of the American Chemical Society;
and Regular Departments ............................................. 716

Book Reviews

The Permian Reef Complex of the Guadalupe Mountains Region,
Texas and New Mexico; Fields and Waves in Modern Radio;
International Review of Cytology; Causality in Natural
Science; Lehrbuch der Organischen Chemie; The Challenge of
Our Times; Theory of Equations; and New Books .............. 727

Technical Papers

The Physiologic Closure of the Ductus Arteriosus in Newborn
Infants: Frederic L. Eldridge, Herbert N. Hultgren, and
Mary E. Wigmore ....................................................... 731

Evidence for a Diurnal Pulse in Stream Phytoplankton:
John L. Blum .................................................................. 732

Distribution and Heredity of Blood Factor U: A. S. Wiener,
L. J. Unger, and L. Cohen ............................................. 734

Effect of Synthetic Thioctic or Alpha Lipoic Acid on the
Voluntary Alcohol Intake of Rats: Jorge Mardones et al. ...... 735

Communications

Trilobite Protaspids Showing Superfamily Differences:
Allison R. Palmer ........................................................... 737

Selerotia in an Operculate Discomyceete: Martin A. Rosinski
and Richard P. Korf ..................................................... 737

Recent Progress in the Study of Pacific Coast Paleozoic
Faunas: C. W. Merriam .................................................. 737

New High-Pressure Phases of Silica: Robert B. Sosman ......... 738

Tavorite and Barbosalite: Two New Phosphate Minerals from
Minas Gerais, Brazil: M. L. Lindberg and W. T. Pecora ....... 739

A Simplified Method for Determining Radioisotopes in Tissues:
D. L. Tabern and T. N. Lahr ......................................... 739

Mapping Shallow Horizons with the Reflection Seismograph:
L. C. Pakiser and D. R. Mabey ........................................ 740

Mathematics and Federal Support .................................... 3A

Meetings & Conferences ................................................. 12A–16A

Miscellaneous Publications ............................................. 18A
