Spectrophotometry of Clarified Cell Suspensions: R. Barer
Charles Manning Child: L. H. Hyman

News and Notes
Research on Semiconductors; and Regular Departments

Book Reviews
Antibodies and Embryos; The Physics of Viruses; Heat Conduction; Manufacture and Application of Lubricating Greases; and New Books

Technical Papers
Unique Electron Exchange Polymer: S. Soloway and L. Schwartz
Alterations in Serum Properdin Levels Following Injection of Zymosan: L. Pillemer and O. A. Ross
Observations on Growth Responses to Antibiotics and Arsonic Acids in Poultry Feeds: D. A. Libby and P. J. Schaible
Straight-Line Function of Growth of Microorganisms at Toxic Levels of Carbon Dioxide: R. D. Durbin

Communications
Carbon-14 Dates from Ellsworth Falls, Maine: D. S. Byers and W. S. Hadlock
To Users of the Hunter Color and Color Difference Meter: A. P. Sidwell
On Hazards of Nuclear Power Plants: C. C. Littell, Jr.
Graphic Determination of Averages: G. W. Hervey
Salaries of Officer-Scientists
Meetings & Conferences

AMERICAN ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE
