Editorial

Science Changes .......................................................... 7

Articles

The Chloroplast as a Complete Photosynthetic Unit: D. I. Arnon .......... 9

Early History of the Scintillation Counter: A. T. Krebs .................. 17

Tocopherol as an Activator of Cytochrome C Reductase: A. Nason
and I. R. Lehman .......................................................... 19

A. P. Colburn, Humanitarian and Chemical Engineer: J. A. Behnke .... 22

News of Science

New AAAS Advertising Manager; Petition to the President; Scopes Anniversary; Climatic Thermal Adaptation; Quick Morphine Detection; Scientists in the News; Necrology; Education; Grants, Fellowships, and Awards; In the Laboratories; New Journals; and Miscellaneous ............................................. 23

Reports and Letters

Human Amnion Cells for Large-Scale Production of Polio Virus:
E. M. Zitcer, J. Fogh, T. H. Dunnebacke ................................ 30

Extirpation of Roach Prothoracic Glands: W. L. Nutting .............. 30

Orientation of Single-Crystal Silver Halides by Epitaxy: S. Zerfoss
and J. W. Davisson ....................................................... 31

Spectrophotofluorometric Assay in the Visible Ultraviolet: R. L. Bowman,
P. A. Caulfield, S. Udenfriend ........................................... 32

Priority for Reporting of Scientific Discoveries: L. Kartman and H. E. Stark ...... 33

Physical and Chemical Factors in Relation to Histoplasma capsulatum in Soil:
L. D. Zeidberg, L. Ajello, R. H. Webster ................................ 33

Book Reviews

Textbook of Physics; Modern Aspects of Electrochemistry; La Cybernétique; The Chemistry of Petroleum Hydrocarbons; International Review of Cytology; Principles of Internal Medicine; Laboratory Techniques in Rabies; Inventories of Apparatus and Materials for Teaching Science; Proceedings of the Thirty-third Annual Meeting, Highway Research Board; Probleme und Beispiele biologischer Regelung; Einführung in die biologische Registriertechnik; The Why of Chemistry Problems; Chemical Pathways of Metabolism; Books Reviewed in The Scientific Monthly; New Books; and Miscellaneous Publications .................................. 35

Scientific Meetings

Physical Anthropologists; Society Elections; and Forthcoming Events .......... 41
