GET YOUR ADVANCE COPY
of the General Program-Directory
of the AAAS Atlanta Meeting
by first class mail — early in December

The General Program-Directory of the 122nd Meeting of the AAAS in Atlanta, Georgia, Dec. 26–31, 1955, will be available to anyone, at cost, within the first week in December—whether he can attend the Meeting or not. You will want the General Program-Directory for your reference shelf.

Program content
1. The four-session symposium, “Atomic Energy and Agriculture,” arranged by ORINS.
2. The three-session program of the International Geophysical Year.
3. An AAAS-sponsored “Congress” on the shortage of young scientists and science teachers.
4. Programs of the 17 AAAS sections (symposia and contributed papers).
5. Programs of the more than 60 participating societies.
6. The Special Sessions: AAAS, Academy Conference, Conference on Scientific Editorial Problems, National Geographic Society, Phi Beta Kappa, RESA, Sigma Xi.
7. Details of the Municipal Auditorium—center of the Meeting—and hotels and campuses.
8. Titles of the latest foreign and domestic scientific films to be shown in the AAAS Science Theatre.

Directory content
1. AAAS officers, staff, committees for 1955.
2. Complete roll of AAAS presidents and their fields.
3. The more than 265 affiliated organizations.
4. Historical sketch and organization of the Association; the Constitution and Bylaws.
6. AAAS Awards and Grants—including all past winners.
7. Membership figures by sections.
8. Section committees (Council members) in detail.
9. Local committees.
10. Future Meetings of the AAAS through 1962.
11. New and current activities of the AAAS.

Advance Registration
Advance registration has these decided advantages: 1) You avoid delay at the Registration Center upon arrival; 2) You receive the General Program-Directory in ample time to decide, unhurriedly, which events and sessions you particularly wish to attend; 3) Your name is posted in the Visible Directory as the Meeting opens.

The following coupon may be used both by advance registrants and by those who wish only the advance copy of the General Program-Directory.

— THIS IS YOUR COUPON FOR AN ADVANCE COPY OF THE GENERAL PROGRAM-DIRECTORY —

1a. □ Enclosed is $2.50 for my advance Registration Fee which brings me the Program-Directory, Convention Badge, and all privileges of the Meeting.

1b. □ Enclosed is $1.50 for only the Program-Directory. (It is understood that, if I should attend the Meeting later, the Badge—which is necessary for all privileges of the Meeting—will be secured for $1.00 more.)

(Check one)

2. FULL NAME (Dr., Miss, etc.) .................................................................
   (Print or typewrite) (Last) (First) (Initial)

3. ACADEMIC, PROFESSIONAL, OR BUSINESS CONNECTION .................................................................

4. OFFICE OR HOME ADDRESS .................................................................
   (For receipt of Program-Directory)

5. YOUR FIELD OF INTEREST ........................................................................

6. CONVENTION ADDRESS ........................................................................
   (May be added later, after arrival)

Please mail this Coupon and your check or money order for $2.50 or $1.50 to the
AMERICAN ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE
1025 Connecticut Avenue, N.W., Washington 6, D. C.
APPLICATION FOR HOTEL RESERVATIONS
122nd AAAS MEETING
Atlanta, Ga., December 26-31, 1955

The list of hotels and their rates and the reservation coupon below are for your convenience in making your hotel room reservation in Atlanta. Please send your application, not to any hotel directly, but to the AAAS Housing Bureau in Atlanta and thereby avoid delay and confusion. The experienced Housing Bureau will make assignments promptly; a confirmation will be sent you in two weeks or less. As in any city, single-bedded rooms may become scarce; double rooms for single occupancy cost more; if possible, share a twin-bedded room with a colleague—and also save money. Mail your application now to secure your first choice of desired accommodations. All requests for reservations must give a definite date and estimated hour of arrival, and also probable date of departure.

HOTELS AND RATES PER DAY
* Hotels starred have sessions in their public rooms. Most hotels will place comfortable rollaway beds in rooms or suites at 2.50 or 3.00 per night. For a list of headquarters of each participating society and section—and for information on dormitory accommodations at Atlanta University and Georgia Institute of Technology—please see Science, July 22, or The Scientific Monthly, August.

PERSONNEL PLACEMENT

POSITIONS WANTED

Biologist; Ph.D. 30. General and cellular physiology, endocrinology, embryology, invertebrates, vertebrates, genetics, evolution, general biology, botany, and zoology. Teaching experience. Desires teaching and/or research. Box 201, SCIENCE.

Ph.D. (Physiology): 3 years research experience, isolates, biochemistry; age 29. Box 205, SCIENCE.

Vertebrate Zoologist, Ph.D. (Zoology), specializing in mammalian Anatomy and Embryology, with college teaching experience, publications. Desires teaching and/or research position 1 year or longer. Would accept position outside U.S.A. Box 206, SCIENCE.

Abstracter, all biological sciences. Contract basis, full or part time. Box 204, SCIENCE. X

(a) Anatomist, Ph.D.; full-time teaching since 1931. East 6, and associate professor, university medical school. (b) Bacteriologist; Ph.D.; three years, research assistant, university department of bacteriology-virology. Medical Bureau (Burneice Larson, Director), Palmolive Building, Chicago. X

Bacteriologist, Ph.D.; since 1948 senior bacteriologist and administrative assistant to research director; has been associated with the organic chemistry and pharmacy division in the research and development of new investigational products. Medical Bureau (Burneice Larson, Director), Palmolive Building, Chicago. X

Biochemist, M.S., 2 years clinical experience. Worked with paper chromatography and radioactive carbon. Clinical or research position in East. Box 203, SCIENCE. X

POSITIONS OPEN

(a) Bacteriologist qualified to instruct medical students; preferably Ph.D. trained in mycology or parasitology; state university; Midwest. (b) Pharmacist, preferably with M.S. but one with B.S. and several years' experience eligible and, also, pharmacist, trained in bacteriology; faculty appointments, state university college of pharmacy. (c) Vertebrate Zoologist, Ph.D.; medical school research department; Midwest. (d) Pharmacologist, Ph.D. or M.D.; well grounded in pharmacodynamics, to head operating division of pharmacology, pharmaceutical company; new research laboratory; East. S-4 Medical Bureau (Burneice Larson, Director), Palmolive Building, Chicago. X

Biophysicist-Electrophysiologist, Ph.D. or equivalent. Experience with bioelectric potentials and electronics desirable. For university research position. Academic rank and salary to $6,000 according to training and experience. Box 177, SCIENCE. 7/29, 8/5, 12

Physiologist, recent Ph.D., join research team doing basic biochemistry and immunological work in hyperacidity. Good growth opportunity, interesting career. Write background fully, salary expected. Dr. S. M. Feinher, Allergy Research Laboratory, Northwestern University Medical School, Chicago. 7/22

(b) Biochemist: M.S.; good methodology training; large general hospital; cffy 200,000. (b) Microbiologist: M.S. preferred; specific interest in virology, experienced virus assays; assay biological materials, compounds for virucidal and protective activities; pharmaceutical house. (c) Bacteriologist; M.S.; duties include pathogen isolation and identification; 400-bed hospital; Midwest. (d) Research Technician; biochemistry department; B.S. to $2,400; East. (e) Biochemist; Ph.D.; head new diagnostic clinical laboratory service; direct technicians; research enzyme, sterol metabolism; $5,000. Box 207, Medical Personnel Bureau, 185 N. Wabash, Chicago. X

(a) Two Board interns qualified hematology or nutrition and three internists qualified clinical medicine; research department; large company; day off weekly for teaching and clinical medicine; East; $12,000-$15,000. (b) Pharmacologist; full-time teaching; Midwest; $6,000-$8,000. (c) Assistant professor, biochemistry; duties including teaching advanced course in nutritional biochemistry, directing graduate student research; state university. (d) Clinical psychologist; industrial company, East. (e) Biochemist; new voluntary general hospital, 250 beds; duties include teaching; Midwest. S-3 Medical Bureau (Burneice Larson, Director), Palmolive Building, Chicago. X

Editors, freelance, for German-English technical dictionary in preparation, experts in all major fields. For checking and editing compiled manuscript. New York area desired. Frederick Ungar Publishing Co., 105 East 24 Street, New York 10. X

Fellow to participate in new pulmonary project in pediatric patients. Established patients. Opportunities for concurrent study for Ph.D. in physiology department at University of Southern California if student is satisfactory. Box 202, SCIENCE. X

Physiologist, Ph.D. in physiology with interest in neurophysiology to serve as member of research project team in utilization of scientific data for research and development division of pharmaceutical firm. Philadelphia location. Send complete record of education and experience. Box 189, SCIENCE. 7/15, 22

Rapid centrifugal preparation

with the Spinco Model L
ULTRACENTRIFUGE

• VACUUM
• 162 ml – 40,000 rpm
• REFRIGERATED

FULLY-AUTOMATIC features make the Spinco Model L Preparative Ultracentrifuge operationally self-supervising. Simple speed- and time-controls are preset by operator and electronic unit brings rotor to speed, times run, and decelerates with smoothly operating automatic brake.

Various sizes and types of interchangeable rotors mount in operating chamber with instantaneous coupling. Time between runs, using pre-loaded rotors, is less than a minute. Speed and vacuum are established almost simultaneously. Acceleration time for the 40,000-rpm rotor is only four minutes.

SAFETY FEATURES include automatic overspeed cutout; interlocks to prevent running at high speeds without vacuum in chamber and prevent breaking vacuum or opening chamber while running at high speeds. Rotor chamber is encased in thick double steel guard.

UNIT IS SELF-CONTAINED, of worktable height, and requires only electric connection for installation. Spinco electric drive and gearing system are of types proved in more than 100,000 hours of actual field operation. Self-balancing feature eliminates weighing of loaded tubes. Controllable refrigeration holds rotors and contents at any temperature down to -5 C.

In operation, the Model L applies forces up to 144,000 times gravity on 162 ml of material at a maximum speed of 40,000 rpm. Individual rotor tubes have sealing caps—are available in plastic or metal. Rotors provide second vacuum seal in quickly-detachable cover with integral lifting device. Wide selection of rotors is available with largest holding 1700 ml—

Send for details
FAST, ACCURATE, EASY TO OPERATE—a laboratory workhorse that adds the element of instantaneous results to routine analysis, investigative and general spectrophotometric work.

RAPID SCANNING FEATURE allows rapid analyses of transparent or opaque materials; gaseous, liquid or solid. Allows monitoring of flowing processes. Allows following of color changes and transient phenomena. How? The AO SPECTROPHOTOMETER traces 60 separate curves per second on the face of a cathode ray recording a "moving picture" of color changes taking place in a specimen over the entire visible spectrum (all wave lengths from 400 to 700 millimicrons).

Sample chamber accommodates transparent samples up to 100mm thick. An accessory reflection attachment enables the instrument to produce data from opaque surfaces as small as one inch square.

Permanent records can be made with any of the standard 5" oscilloscope cameras.

Dept. S3. Please send catalog on AO's Rapid Scanning Spectrophotometer.
