NEW CITY, ROCKLAND COUNTY, N. Y.

You can put your library in a card catalog with 

Microprint Cards

Read it in complete comfort with a 

KODAGRAPH MICROPRINT READER

Consider this: By photographic reduction, as many as sixty conventional book pages go on one side of a 3 x 5-inch card. An abstract and filing data can go on the other side. Thus, the library card catalog becomes the library itself! So great is the space-saving that individuals in an organization can conveniently have their own duplicate libraries of the literature and data they most frequently use.

You read your microprint cards in complete comfort. The Kodagraph Microprint Reader has a green screen, tilted 11° because that seems to be easiest on the eyes. Room lights need not be dimmed. The Reader takes microprint cards of any size up to 8½ x 14 inches. You feed them into the Reader like paper into a typewriter.

Many microprint publishers offer editions of standard works and periodicals. Many of these publishers are also prepared to make microprint cards of your own literature and reports.

To get started on a microprint system that can help solve the problems of debulking, speedy dissemination, and storage of literature and private internal data, mail the coupon below.

EASTMAN KODAK COMPANY
65
Business Photo Methods Division, Rochester 4, N. Y.

Please send me the information checked:

□ Where I can see a Kodagraph Microprint Reader.
□ Folder on the Reader and sample microprint card.
□ List of publishers of microprint cards and manufacturers of microprint cards to order.

30 SEPTEMBER 1955
GET YOUR ADVANCE COPY

of the General Program-Directory
of the AAAS Atlanta Meeting
by first class mail – early in December

The General Program-Directory of the 122nd Meeting of the AAAS in Atlanta, Georgia, Dec. 26–31, 1955, will be available to anyone, at cost, within the first week in December—whether he can attend the Meeting or not. You will want the General Program-Directory for your reference shelf.

Program content
1. The four-session symposium, “Atomic Energy and Agriculture,” arranged by ORINS.
2. The three-session program of the International Geophysical Year.
3. An AAAS-sponsored “Congress” on the shortage of young scientists and science teachers.
4. Programs of the 17 AAAS sections (symposia and contributed papers).
5. Programs of the more than 60 participating societies.
6. The Special Sessions: AAAS, Academy Conference, Conference on Scientific Editorial Problems, National Geographic Society, Phi Beta Kappa, RESA, Sigma Xi.
7. Details of the Municipal Auditorium—center of the Meeting—and hotels and campuses.
8. Titles of the latest foreign and domestic scientific films to be shown in the AAAS Science Theatre.

Directory content
1. AAAS officers, staff, committees for 1955.
2. Complete roll of AAAS presidents and their fields.
3. The more than 265 affiliated organizations.
4. Historical sketch and organization of the Association; the Constitution and Bylaws.
6. AAAS Awards and Grants—including all past winners.
7. Membership figures by sections.
8. Section committees (Council members) in detail.
9. Local committees.
10. Future Meetings of the AAAS through 1962.
11. New and current activities of the AAAS.

Advance Registration
Advance registration has these decided advantages: 1) You avoid delay at the Registration Center upon arrival; 2) You receive the General Program-Directory in ample time to decide, unhurriedly, which events and sessions you particularly wish to attend; 3) Your name is posted in the Visible Directory as the Meeting opens.

The following coupon may be used both by advance registrants and by those who wish only the advance copy of the General Program-Directory.

— THIS IS YOUR COUPON FOR AN ADVANCE COPY OF THE GENERAL PROGRAM-DIRECTORY —

1a. □ Enclosed is $2.50 for my advance Registration Fee which brings me the Program-Directory, Convention Badge, and all privileges of the Meeting.

1b. □ Enclosed is $1.50 for only the Program-Directory. (It is understood that, if I should attend the Meeting later, the Badge—which is necessary for all privileges of the Meeting—will be secured for $1.00 more.)

2. FULL NAME (Dr., Miss, etc.) .................................................................
   (Please print or typewrite) (Last) (First) (Initial)

3. ACADEMIC, PROFESSIONAL, OR BUSINESS CONNECTION

4. OFFICE OR HOME ADDRESS ..............................................................
   (For receipt of Program-Directory)

5. YOUR FIELD OF INTEREST ..................................................................

6. CONVENTION ADDRESS ......................................................................
   (May be added later, after arrival)

Please mail this Coupon and your check or money order for $2.50 or $1.50 to the

26 times in 1 year 14.00 per inch
52 times in 1 year 12.50 per inch

For PROOFS on display ads, copy must reach SCIENCE 4 weeks before date of issue (Friday of every week).

POSITIONS WANTED

Physiologist; Ph.D.; instructor at large eastern medical college, desires teaching and/or research with opportunity to obtain M.D. Box 251, SCIENCE.

Research Mathematician, Ph.D.; publications, teaching; positions at research institutions and aeronautical companies; interested in research position, nuclear physics or aerodynamics. Box 254, SCIENCE.

Virolologist; M.S., desires position as research assistant; experienced in fundamental procedures; also tissue culture experience. Box 253, SCIENCE.

POSITIONS OPEN

(a) Assistant Bacteriologist; experience un-necessary; city public health laboratory; $4200; lovely college city; Midwest. (b) Biochemist; M.S. with good methodology training; work with qualified Ph.D.; active laboratory, very large general hospital; Midwest. (c) Research Assistant, Bacteriologist; degree required; project relates to bacteriophage of anaerobic bacteria; well-known midwestern university. (d) Veterinary Bacteriologist; duties isolation and diagnostic bacteriological, experimental animal farm; noted pharmaceutical house; to $4500. East (e) Manufacturing Biochemist; Ph.D.; supervise manufacture of biological products; to $8500; large concern; East. Woodward Medical Bureau, 185 N. Wabash, Chicago.

Chief investigator, medicine; certified intern-preferred; splendidly equipped clinical and research laboratory, metabolic ward, radioisotope unit; duties executive coordination of research entire staff and residents. Also vacancy director, radioisotope unit; general hospital, 1000 patients; affiliated Baylor Medical College; faculty appointment; citizenship required. VA Hospital, Houston, Texas.

Wanted: well-trained, board certified or board eligible young internists for assignment to full-time staff, medical service, expanding 500-bed GMH hospital; major teaching unit affiliated with state university medical school; teaching experience and interest in clinical investigation desirable. Write Manager, VA Hospital, Dallas 2, Texas.

Creative organic chemist, well-rounded in fundamental and practical synthetic know-how, to serve as responsible investigator in development of new pharmaceuticals; offers fine opportunity for growth and satisfaction. Box 246, SCIENCE.

Neuropsychiatrist for chief, neuropsychiatric service, new Veterans Administration Hospital; opportunity to open service of 60 beds; well-equipped, including EEG laboratory; board certification essential; teaching experience desirable; faculty connection available, strong medical school; right man; active residency program now in operation in 8 specialties. Write Manager, VA Hospital, Dallas 2, Texas.

AN EVALUATION OF RELATIVITY THEORY AFTER A HALF CENTURY

By C. A. Muses, M.A., Ph.D.

"Dr. Muses' study embraces several aspects of value both to technical and non-technical readers. It first of all provides an introduction to often little known historical aspects of relativity theory, throwing welcome light on the work of H. A. Lorentz and its fundamental importance.

Secondly, it provides a clear-cut, understandable explanation of the theory in the light of its key concepts and their analysis.

Thirdly, modern contributions, such as the work of Hlavaty, are analysed in terms of the difference in physical and physical meaning, thus completing perhaps the most useful phase of a useful book, namely, its discussion of the directions in which the most advanced thinking on relativistic interpretation is tending.

Fourthly, certain original data are for the first time published, such as the relation of Geometric radiation to electronic aspects of relativity theory."—Mathematics Magazine

New accessories give the International PR-2 Refrigerated Centrifuge these increased speeds and capacities:

- 400 ml. at 10,000 rpm. at 0°C or lower
- 100 ml. at 19,000 rpm. at 0°C or lower
- 4000 ml. at 2,300 rpm. at 0°C or lower
- 1500 ml. at 3,900 rpm. at 0°C or lower

PLUS — 24 additional interchangeable angle and horizontal style heads and a wide variety of adapters, sealed accessories and carriers. No other cold centrifuge is so versatile.

SEND — for Bulletin P and information on the New High Capacity Attachment, the New 6-Place 250 ml. Angle Head and the New 4-Liter Head. If you already have an International PR-2, these new accessories will fit.

ALSO — the improved Model SR-3 Stationary Refrigerated Centrifuge will now swing 5200 ml. in the horizontal position at 3,000 rpm.

FOR — real versatility in the Refrigerated Centrifuge field — look to INTERNATIONAL.
Polarizing Microscopes...

- Quality Craftsmanship Guarantees Years of Service
- 36 Models to Choose From

A pioneer in the evolution of polarizing microscopes, AO has developed the skills necessary to the manufacture of superb instruments. They are rugged in construction to assure years of trouble-free service while providing the top quality optics and fine mechanical function that have made AO famous as the world's largest optical manufacturer. With 36 models to choose from, some with polarizing filters and some with Ahrens prisms, an instrument can be selected which will fit every need and budget—from the beginning student to the research specialist.
