The response to the Microcard edition has encouraged us to make volumes 121 and 122 of SCIENCE available in this form.

Seventy-seven 3” x 5” cards contain 2337 pages of SCIENCE for the year 1955.

The space saving is considerable—25 sets of Microcards take up approximately the same space as a single bound volume of SCIENCE covering the same period. The bother and expense of binding are completely eliminated. In spite of the increase in format, the price remains unchanged:

Microcard edition of SCIENCE, 1954 $15.00
Microcard edition of SCIENCE, 1955 $15.00
First half of 1956 only .......... $7.50

Back volumes also available
$7.00 postpaid (U.S.A.); $7.50 postpaid (elsewhere)

Box No. Rates listed below—no charge for Box Number. Monthly invoices will be sent on 2 page charge account basis—provided that satisfactory credit is established.

Single Insertion $22.00 per inch 13 lines or less $26.00 per inch 24 lines or less $31.00 per inch For proofs on display ads, copy must reach SCIENCE 4 weeks before date of issue (Friday of every week).

Positions wanted

Biophysicist, Ph.D.; 6 years' research, university department experimental pathology; trained radiation effects. Medical Bureau (Burton J. Larson, Director), Palmolive Building, Chicago. X

Entomologist, Ph.D., 43; experience in taxonomy, teaching, research, taxonomic survey, and curatorial work; desires change. Prefer non-industrial position. Box 181, SCIENCE. 8/17

Microbiologist, Ph.D.; teacher of all phases of microbiology, 3 years; industrial research and consulting experience; specialty biochemistry applied to food and agriculture. Statistical analyst. Publications and presentations available, available 1 September. Box 197, SCIENCE.

Microbiologist, Ph.D.; 17 years' university experience in bacteriology, biochemistry, and phytology. Desires challenging opportunity. Box 196, SCIENCE. 8/24; 9/7

MycoLOGIST, Ph.D. 1942; background of chemistry, biochemistry, and plant sciences; 14 years experience in fermentation and recovery work; 10 years supervisory experience. Primary interest in developing fermentation products. Desires research; $15,000. Box 195, SCIENCE

Nurse, Ed.D.; 13 years' experience in nursing service and education. Desires membership or directorship university school of nursing; prefers new or developing program. Box 193, SCIENCE. 8/17, 24, 31

Positions open

Research and Teaching (pharmaceuticals, oral diagnostic, protein chemistry). 9 years' experience. Desires opportunity in research, writing, teaching, administrative (or combination) capacity. Age 33; family. Box 194, SCIENCE.

ANATOMY DEPARTMENT, DALHOUSIE UNIVERSITY. Appoints for an assistant professor in the Department of Anatomy. Experience in teaching and research in embryology, histology, and biochemistry, or in neuroanatomy, is essential, and a working knowledge of gross anatomy is desirable. Candidates with a medical degree will be preferred, although those with an honors degree in medical science or biology will receive special consideration. The minimum salary for a medical graduate will be $5000. The salary will depend on qualifications and experience. Applications to be made to Professor R. L. DeC. H. Saunders, Dalhousie University, Halifax, Nova Scotia, Canada. 6/8; 7/13; 8/10

Bacteriological Technician, small diagnostic laboratory. Newly remodeled air-conditioned building. Southwestern. Box 188, SCIENCE.

Biochemist experienced in natural product isolation to be project leader in laboratory of a large midwestern industrial company with expanding research program. Send resume to Box 190, SCIENCE. 8/17

(a) Immunologist, Ph.D. or M.D.; competent teacher, interested research; faculty appointment, medical school with extensive expansion program. East. (b) Medical Science Writer; duties include surveying literature for technical staff members and promotional department, pharmaceutical company; man required; $7000-$10,000. (c) Scientists with Research Administration Background, experienced research on etiology, pathology, and theory of cancer; interesting administrative positions. (d) Biochemist, Ph.D., experienced protein chemistry, enzyme work; hospital research department; $9000, 58-2, Medical Bureau (Burmeise Larson, Director), Palmolive Building, Chicago.

Research Assistant, sanitary chemistry. Half-time position, located in Department of Preventive Medicine and Public Health, Contact: Dr. E. B. Williams, University of Texas-Medical Branch, Galveston, Texas.

Research Microbiologist. Minimum of 6 years required in either an industrial or academic capacity. A good background in immunology and biochemistry required. Ph.D. preferred but will consider M.S. Salary open. Inquire of Dr. Earl B. Gerberding, 5019 Grandy, Detroit 11, Michigan. 8/10, 17, 24, 31

Pharmacologists—Ph.D. Established Research Division of growing Pharmaceutical Company has immediate opportunities for pharmacologists with experience and training in:

1) CNS drug research. Work will involve general pharmacological screening and development of pharmacological test procedures.

2) Cardiovascular research. Will involve participation in design and control of screening procedures and development of basic research program.

Company has modern facilities, complete employee benefit program and is located in rural area of central New York State. Forward resumes to Personnel Director, The Norwich Pharmacal Company, Norwich, New York.

Physical Chemist. Organic-Physical Ph.D., 30 to head group of investigators on long-range fundamental research problems of food technology in western Pennsylvania research institution. Somewhat good future for right man who possesses leadership. Give full details of education, experience and salary requirements in first letter. Box 182, SCIENCE.

8/3, 10 Positions requiring degrees in medicine or science (a) Chemist; Ph.D., 1 to 2 years experience protein purification; work collaboratively with biology group, separation of biologically active pituitary proteins; $5600-$7800; also (b) Research Assistant; recent Ph.D., trained biochemistry, nutrition and/or endocrinology; collaborate on nutrition research program, especially interest in vitamin/mineral interactions; $4100-$5200; well-known Pacific Coast university. (c) Biochemist; M.A. or Ph.D.; approved 150-bed general hospital; $6000 up; lovely southern community. (f) Research Ph.D.; specialists in microbiology, immunology, virology, bacteriology, and pathology; principal virus research with view to new product development, related activities; concern engaged in production, manufacture and marketing of new biologicals, vaccines, and serums; $6000-$10,000; Midwestern Pharmaceutical Personnel Bureau, 185 North Wabash, Chicago. X

Research Assistant, Biochemical Research. Permanent position in medical research institute. Detroit area. Will train applicant in enzyme and protein chemistry, B.S. or M.S. with chemistry or biochemical laboratory experience. Start salary, $3600 to $4800, depending on qualifications. Send resume and names of previous employers. Box 189, SCIENCE. X
APPLICATION FOR HOTEL RESERVATIONS

123rd AAAS MEETING

New York City, December 26-31, 1956

The list of hotels and their rates and the reservation coupon below are for your convenience in making your hotel room reservation in New York. Please send your application, not to any hotel directly, but to the AAAS Housing Bureau in New York and thereby avoid delay and confusion. (Members of the American Astronomical Society who wish reservations at uptown hotels should correspond directly with the Hayden Planetarium.) The experienced Housing Bureau will make assignments promptly; a confirmation will be sent you in two weeks or less. As in any city, single-bedded rooms may become scarcer; double rooms for single occupancy cost more; for a lower rate, share a twin-bedded room with a colleague. Most hotels will place comfortable rollaway beds in rooms or suites at 2.50 or 3.00 per night. Mail your application now to secure your first choice of desired accommodations. All requests for reservations must give a definite date and estimated hour of arrival, and also probable date of departure.

AMERICAN ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE

Rates for Rooms with Bath*

All hotels have sessions in their public rooms. For a list of headquarters of each participating society and section, please see Science, July 20, or The Scientific Monthly for August.

Analytically, the Spinco Analytrol is the heart of the Model R Paper Electrophoresis System, offering many additional advantages as a general laboratory tool.

In a matter of seconds it plots the distribution curve of material concentration derived from light transmission. At the same time, it produces an integral, saw-tooth curve from which relative concentrations can be read directly.

Model R Systems are stocked by distributors in principal cities. Or, write for details on this versatile instrument.
