GRANTS

THE WEIZMANN INSTITUTE OF SCIENCE REHOVOTH, ISRAEL

Announces four Chaim Weizmann Memorial Fellowships (established by the Weizmann Memorial Foundation) for the academic year 1957-1958. These annual fellowships, in the natural sciences, provide a maximum of $5500, including fare. They are intended for applicants abroad, with several years of postdoctoral research experience. It is expected that the candidate will have worked in a field close enough to one of the subjects under investigation at the Weizmann Institute of Science so that he will be able to join an existing research team. The stipend, including fare, ranges from $3900 for a single fellow to $5500 for a married scientist with family. Payment is made in dollars. The Institute endeavors to help find suitable accommodation. Applications should reach the Academic Secretary, The Weizmann Institute of Science, Rehovoth, Israel, not later than 23 December 1956. Further particulars and application forms may be obtained from the Academic Secretary.
**THE FUTURE OF ARID LANDS**

A symposium volume of the American Association for the Advancement of Science

Edited by Gilbert F. White
Department of Geography, University of Chicago

6 x 9 inches, 464 pages, 49 illustrations, index, clothbound, October 1956

Price $6.75. AAAS Members' pre-paid order price $5.75

The volume presents the efforts of scientists from 17 countries and from as many disciplines to assess the state of man's struggle to make productive and stable use of the world's arid lands.

It contains the papers and recommendations of the International Arid Lands Symposium and Conference, Albuquerque and Socorro, New Mexico, April and May 1955.

The symposium develops around a few basic questions. The representation and treatment of the subjects are highly interdisciplinary and lead to some important conclusions. The breadth and scope are indicated by the groupings of the Conference recommendations: Anthropology, Archaeology and Geography; Meteorology and Climatology; Hydrology, Geology and Soils; Biology, Ecology and Conservation; Organization, Communication, and Interdisciplinary Programs. Workers in all these fields, as well as administrators of government and private programs, will find the contents of this volume both stimulating for ideas and invaluable as a source of information.

APPLICATION FOR HOTEL RESERVATIONS

123rd AAAS MEETING

New York City, December 26-31, 1956

The list of hotels and their rates and the reservation coupon below are for your convenience in making your hotel room reservation in New York. Please send your application, not to any hotel directly, but to the AAAS Housing Bureau in New York and thereby avoid delay and confusion. (Members of the American Astronomical Society who wish reservations at uptown hotels should correspond directly with the Hayden Planetarium.) The experienced Housing Bureau will make assignments promptly; a confirmation will be sent you in two weeks or less. As in any city, single-bedded rooms may become scarce; double rooms for single occupancy cost more; for a lower rate, share a twin-bedded room with a colleague. Most hotels will place comfortable rollaway beds in rooms or suites at 2.50 or 3.00 per night. Mail your application now to secure your first choice of desired accommodations. All requests for reservations must give a definite date and estimated hour of arrival, and also probable date of departure.
