SCIENCE

28 October 1960, Volume 132, Number 3435

Editorial
Middle Ground .......................................................... 1221

Articles
Photoperiodism in Plants: H. A. Borthwick and S. B. Hendricks ................. 1223
Growth is controlled by light and the measurement of night length through reversible reactions of a pigment.

Identifying Significant Research: J. H. Westbrook .................................. 1229
Literature citation counting is evaluated as a means for identification of significant research.

W. J. Mead, Experimental Geologist: R. R. Schrock ............................ 1235

Science in the News
Political Science and the Politicians ................................................... 1236

Book Reviews
G. I. Quimby’s Indian Life in the Upper Great Lakes, reviewed by G. R. Willey: other reviews .................................................. 1243

Reports
Distribution of Phage Groups of Staphylococcus aureus in the Years 1927 through 1947: J. E. Blair and M. Carr .................. 1247
Nomenclature of Devices Which Simulate Biological Functions: W. A. van Bergeijk .... 1248
Acetylcholinesterase Regeneration in Peripheral Nerve after Irreversible Inactivation: E. Koenig and G. B. Koelle .............. 1249
Relation of Jupiter’s Radio Emission at Long Wavelengths to Solar Activity: J. W. Warwick ............................................................. 1250
Immunological Technique for Protein Isolation: G. B. Sutherland .......... 1252
Esters from Bacterial Oxidation of Olefins: J. E. Stewart et al. ............... 1254
Electrophoretic Interaction Studies by the Stable-Flow Free-Boundary Method: H. C. Mel ................................................................. 1255
Appearance of Genetic Transforming Activity in Pneumococcal Cultures: E. Ottolenghi and R. D. Hotchkiss ....................... 1257

Association Affairs
Preview of Programs at AAAS New York Meeting ................................. 1259

Departments
Letters from F. R. Fosberg and A. M. Woodbury; D. E. Goldman; C. P. Barnum, Jr. 1262
Polar Wandering and Continental Drift; Forthcoming Events; New Products ........ 1264

Cover
“Turkey tail” blades of chipped flint. [Photograph from Indian Life in the Upper Great Lakes, published by the University of Chicago Press; see page 1243]
