Cover

Portion of a mural from the Temple of the Warriors, Chichen Itza, Yucatan, Mexico. Painted in the 11th or 12th century under the influence of the Mexicanized Toltecs, this mural is one of the few portrayals available from the area of Maya culture of the daily routine in a village. See review of the Archaeology of Southern Mesoamerica, page 1230. [Peabody Museum, Harvard University; restoration by Ann Axtell Morris.]
