Prehistoric Use of Fur Seals: Evidence from the Olympic Coast of Washington: C. E. Gustafson ................................................................. 49
Band Gap of Forsterite: T. J. Shankland ........................................ 51
Cyanovinyl Phosphate: A Prebiological Phosphorylating Agent?: J. P. Ferris ........ 53
Transplantation of Marrow to Extramedullary Sites: M. Tavassoli and W. H. Crosby ......................................................... 54
Falciparum Malaria Transmissible from Monkey to Man by Mosquito Bite: P. G. Contacos and W. E. Collins ........................................... 56
Cyclic 3',5'-Adenosine Monophosphate Phosphodiesterase Produced by the Slime Mold Dictyostelium discoideum: Y.-Y. Chang .................... 57
Rat Mammary Gland Differentiation in vitro in the Absence of Steroids: W. G. Dilley and S. Nandi .......................................................... 59
5-Diazo-4-Oxo-l-Norvaline: Reactive Asparagine Analog with Biological Specificity: R. E. Handschumacher et al. .................................... 62
Prebiotic Synthesis: Phosphorylation in Aqueous Solution: R. Lohrmann and L. E. Orgel ................................................................. 64
Culex nigripalpus: Seasonal Shift in the Bird-Mammal Feeding Ratio in a Mosquito Vector of Human Encephalitis: J. D. Edman and D. J. Taylor ................................................................. 67
Raman Spectra of Crystalline Lysozyme, Pepsin, and Alpha Chymotrypsin: M. C. Tobin ................................................................. 68
Charge-Mosaic Membranes: Enhanced Permeability and Negative Osmosis with a Symmetrical Salt: J. N. Weinstein and S. R. Caplan ................................................................. 70
Genetic Control of Drug Levels in Man: Antipyrine: E. S. Vesell and J. G. Page ................................................................. 72
Retrograde Amnesia Produced by Hippocampal Spreading Depression: H. H. Avis and P. L. Carlton ................................................................. 73

MEETINGS Systematic Entomology: Distribution of Insects in the Pacific: P. Oman and K. V. Krombein; Photorespiration: R. G. S. Bidwell; Calendar of Events (Courses) 78

COVER Painted wood kachina doll made in the 19th century by a Hopi Indian of the southwestern United States. Such dolls are carved and decorated to represent supernatural beings. See review of American Indian Painting of the Southwest and Plains Area, page 35. [The Brooklyn Museum, Brooklyn, New York]
