Cell-Mediated Immunity Shown by Lymphocytes from the Respiratory Tract: C. S. Henney and R. H. Waldman ................................. 696
Crayfish Swimming: Alternating Motor Output and Giant Fiber Activity: J. E. Schrameck ......................................................... 698
Epileptic Focus Location: Spectral Analysis Method: W. Gersch and G. V. Goddard ....... 701
Drinking and Eating Elicited by Cortical Spreading Depression: J. P. Huston and J. Buref ......... 702
Technical Comments: Hyperbaric Oxygen: B. G. D'Aoust; P. Joanny; Polywater Discovered 30 Years Ago?: M. T. Shaw ....................................... 704

COVER
Pre-Columbian ridged fields extending into Lake Titicaca near Requeña, northeast of Juliaca, Peru. Most of the field remnants are 20 to 25 meters wide and 1 to 2 meters high. Similar aboriginal drainage systems have been found in widespread parts of the Americas. See page 647. [Instituto Geografico Militar, Lima, Peru]
