
EDITORIAL  Managing Technology by Performance: L. M. Branscomb

ARTICLES  Archeology and the Art Market: C. Coggins

NEWS AND COMMENT  Technology Initiatives: Hints on the Magruder Effort

RESEARCH TOPICS  Mars as an Active Planet: The View from Mariner 9

BOOK REVIEWS  Ecological Isolation in Birds, reviewed by R. E. Ricklefs; The Imperial Animal, J. F. Eisenberg; Molecular Genetics, F. Stahl; Flora of the Galápagos Islands, W. A. Weber; The Circulating Platelet, N. Akjaer; Reproduction in the United States, 1965, C. V. Kiser; Books Received

REPORTS  Mariner 9 Science Experiments: Preliminary Results: R. H. Steinbacher et al.

Mariner 9 Television Reconnaissance of Mars and Its Satellites: Preliminary Results: H. Masursky et al.
Infrared Spectroscopy Experiment on the Mariner 9 Mission: Preliminary Results: R. A. Hanel et al. .................................................. 305
Infrared Radiometry Experiment on Mariner 9: S. C. Chase, Jr., et al. .......................................................... 308
Mariner 9 Ultraviolet Spectrometer Experiment: Initial Results: C. A. Barth et al. .................................................. 309
Mariner 9 S-Band Martian Occultation Experiment: Initial Results on the Atmosphere and Topography of Mars: A. J. Kliore et al. ........................................... 313
Mariner 9 Celestial Experiment: Gravity Field and Pole Direction of Mars: J. Lorell et al. ........................................... 317
Mariner 9 Ultraviolet Spectrometer Experiment: Stellar Observations: C. F. Lillie et al. ........................................... 321
Methylvinylmaleimide from Bilirubin Photooxidation: D. A. Lightner and G. B. Quistad ........................................... 324
Cavernicoles in Lava Tubes on the Island of Hawaii: F. G. Howarth ........................................... 325
Sexual Stage of Histoplasma capsulatum: K. J. Kwon-Chung ........................................... 326
Ethanol Produces Muscle Damage in Human Volunteers: S. K. Song and E. Rubin ........................................... 327
Ethyl Mercury p-Toluene Sulfonanilide: Lethal and Reproductive Effects on Pheasants: J. W. Spann et al. ........................................... 328
Gamma-Aminobutyric Acid Antagonism and Presynaptic Inhibition in the Frog Spinal Cord: R. A. Davidoff ........................................... 331
Control of Aggregation in Dicyostelium discoideum by an External Periodic Pulse of Cyclic Adenosine Monophosphate: A. Robertson, D. J. Drage, M. H. Cohen ........................................... 333
Mammary Carcinoma: A Specific Biochemical Defect in Autonomus Tumors: W. L. McGuire et al. ........................................... 335
Sperm Flagella: Autonomous Oscillations of the Contractile System: C. P. Lindemann and R. Rikmenspoel ........................................... 337

COVER
Marmes rock-shelter, archeological site in southern Washington, was flooded by reservoir in 1969. Flooding terminated excavations which were yielding a 10,000-year record of prehistory and the earliest well-documented human remains in the Western Hemisphere. See page 267. [Harvey S. Rice, Washington State University, Pullman]
