Sperm Flagella: Autonomous Oscillations of the Contractile System: C. P. Lindemann and R. Rikmenspoel ...................... 337

COVER
Marmes rock-shelter, archeological site in southern Washington, was flooded by reservoir in 1969. Flooding terminated excavations which were yielding a 10,000-year record of prehistory and the earliest well-documented human remains in the Western Hemisphere. See page 267. [Harvey S. Rice, Washington State University, Pullman]
