NEWS AND COMMENT  The Soviet Space Program: Effort Said to Surpass Peak U.S. Level  HEW Study on Financial Distress in Medical Schools Focuses on Shortcomings in Data Showing Cost Allocation  Human Environment Conference: Search for a Modus Vivendi

RESEARCH NEWS  Physics with Lasers: High Resolution Coming of Age

BOOK REVIEWS  Explorations in Mathematical Anthropology, reviewed by H. Selby; Systems Analysis and Simulation in Ecology, M. Cody; Rapid Population Growth, B. Duncan; White Attitudes toward Black People, T. F. Pettigrew; Theoretical Aspects of Population Genetics, B. R. Levin; Microbial Control of Insects and Mites, D. E. Pinnock; From Wett to Clausius and Bicentenary of the James Watt Patent for a Separate Condenser for the Steam Engine, E. S. Ferguson; Relativistic Astrophysics, D. W. Scama; Synthetic Polymeric Membranes, C. F. Bean; Books Received

Presence of Lateral Eye Lens Crystallins in the Median Eye of the American Chameleon: D. S. McDevitt ............................................ 783
Triiodothyronine: The 3'Iodine Is Proximal to the a-Ring in Crystal Structure Conformation: N. Camerman and A. Camerman .......................... 764
Tissue Factor (Thromboplastin): Localization to Plasma Membranes by Peroxidase- Conjugated Antibodies: S. M. Zeldis et al. .......... 766
1,25-Dihydroxycholecalciferol: A Potent Stimulator of Bone Resorption in Tissue Culture: L. G. Ruiz et al. .................................. 768
Spermatogenesis in Cultured Testes of the Cynthia Silkworm: Effects of Ecdysone and of Prothoracic Glands: M. P. Kambysellis and C. M. Williams .................................................. 769
Atmospheric Ammonia: Absorption by Plant Leaves: G. L. Hutchinson, R. J. Millington, D. B. Peters ............................................. 771
Evidence of Pollen Tubes in Paleozoic Pteridosperms: G. W. Rothwell .......................................................... 772
Cytochalasin B: Does It Affect Actin-Like Filaments?: A. Forer, J. Emmersen, O. Behnke .................................................... 774
Wound-Induced Proteinase Inhibitor in Plant Leaves: A Possible Defense Mechanism against Insects: T. R. Green and C. A. Ryan ............ 776
Cannabinoids with a Propyl Side Chain in Cannabis: Occurrence and Chromatographic Behavior: R. A. de Zeeuw et al. .............. 778
Ultrastructural Evidence for Nephropathy Induced by Long-Term Exposure to Small Amounts of Methyl Mercury: B. A. Fowler ............. 780
Improved Flow Rates with Porous Sephadex Gels: D. H. Sachs and E. Painter ................................................................. 781
Scanning Electron Microscopy of the Human Fallopian Tube: A. Ferency et al. .......................................................... 783
Inhibition of Antibodies to Nuclear Antigen and to DNA in New Zealand Mice Infected with Lactate Dehydrogenase Virus: M. B. A. Oldstone and F. J. Dixon .................................................... 784
Photosynthetic Adaptation to High Temperatures: A Field Study in Death Valley, California: O. Björkman et al. ............................... 786
Rapid Increase of Phenylethanolamine N-Methyltransferase by Environmental Stress in an Inbred Mouse Strain: R. D. Ciaramello, J. N. Dornbusch, J. D. Barchas ................................................. 789
Auditory Evoked Response: Meaningfulness of Stimuli and Interhemispheric Asymmetry: Y. Matsumiya et al. .......................... 790
Hippocampal Unit Activity during Classical Aversive and Appetitive Conditioning: M. Segal, J. F. Disterhoft, J. Olds .................................. 792

ASSOCIATION AFFAIRS
Leonard M. Rieser, President-Elect, 1972: G. Holton ........................................... 796
AAAS Council Meeting, 1971: W. Bevan ................................................ 798
Report to the Association—1971: A. Spilhaus and W. Bevan .................. 800
AAAS Officers, Committees, and Representatives for 1972 ...................... 804

Death Valley, California. See page 786. [George Grant, National Park Service, Washington, D.C.]
