This Incubator-Shaker is
GUARANTEED
for
400,000 MILES

A 400,000-mile Guarantee for a
shaker is really not much of a
bargain. In the life-span of an
automobile, 100,000 miles of use
may be a major achievement. But a
shaking machine, used continu-
uously, 24 hours a day, day-in
day-out, runs the equivalent of
100,000 miles in just 83.3 days.*
And even then, NBS shakers are just
going to get started. Although this
Model G25 Incubator-Shaker is
guaranteed for 365 days (over
400,000 miles), it has a life-
expectancy of more than 10 years.
Many are still in operation after 20
years.

*(Based on an average auto speed
of 50 mph 24 hours a day.)

ADVANCED FEATURES . . .
Longevity is only one of the
attributes of the G25. This model
provides electronic speed control
from 40 to 400 rpm (indicated
on a direct-reading tachometer).
Temperatures from near-ambient to
60°C are regulated within ±0.5°C.
A main thermostat and a safety
thermostat are employed. Tension
lock-knobs prevent accidental
change of settings. A key-locking
latch mechanism secures the
incubator chamber. When opened,
a safety switch automatically
shuts off the shaker.

23 MARCH 1973
ASSISTANT OR ASSOCIATE PROFESSOR (Biochemistry) Exceptionally qualified, an individual is needed for the fall 1973. Applicants should possess a Ph.D. in biochemistry or a related field. Position will require teaching at both the undergraduate and graduate levels, as well as establishment of a research program. Departmental research interests are presently in periodontal and cardiovascular biology. Preference will be given to candidates with a dental degree in addition to a Ph.D.

For further information write: Head, Department of Oral Biology, Faculty of Dentistry, University of Toronto, Toronto, Ontario, M5G 1L6, Canada.

ASSISTANT PROFESSOR OF BIOCHEMISTRY—University of Kentucky College of Medicine, University of Kentucky, Lexington, Kentucky. m.A., Ph.D. in biochemistry or related field. General teaching and research at undergraduate and graduate levels, including supervision of Ph.D. candidates. Preference given to individual who is Board certified in Clinical Biochemistry. Send resume to: Chairman, Search Committee, Department of Biochemistry, University of Kentucky, Lexington, Kentucky 40506. An Equal Opportunity Employer.

ASSISTANT PROFESSOR, MICROBIOLOGIST in Department of Biology, for 15 August 1973. Ph.D. and experience in microbial systems, desired. Must be able to teach General Biology, Microbiology, and Microbiological Ecology. Submit curriculum vitae, transcripts, and three letters of recommendation to: Mr. Robert E. Haake, Department of Biology, University, New Rochelle, New York 10801. An Equal Opportunity Employer.

ASSISTANT PROFESSOR position available 1 July 1973 in the Department of Dermatology, University of Michigan Medical School, Ann Arbor, to work under the direction of the Chairman and Board certified. Desired an academically oriented dermatologist with experience in dermatopathology who will have patient care and research responsibilities. Code #2001. Send resume to Box 128, SCIENCE. A Nondiscriminatory Affirmative Action Employer.

ASSISTANT PROFESSOR, MICROBIOLOGIST, University of Vermont, Burlington, Vermont. Ph.D. in microbiology or related field. Must be able to teach basic microbiology and research experience in general microbiology is desirable. Send resume, curriculum vitae, and three letters of recommendation to: Professor A. F. F. Vonderfecht, Department of Biology, University of Vermont, Burlington, Vermont 05405. An Equal Opportunity Employer.

ASSISTANT PROFESSOR position available in the Department of Obstetrics & Gynecology, University of Michigan Medical School, Ann Arbor, to work under the direction of the Chairman and Board certified. Must be able to teach obstetrics and gynecology. Must have strong research experience and be able to conduct independent research. Send resume, curriculum vitae, and three letters of recommendation to: Mr. W. J. P. Glaser, Department of Obstetrics & Gynecology, University of Michigan Medical School, Ann Arbor, Michigan 48109. An Equal Opportunity Employer.

PHYSICIST, Ph.D., D.V. O. Davis, Chairman, Department of Physics, State University of New York at Albany, Albany, New York 12222.

ASSISTANT PROFESSOR, Departmenrt of Biochemistry, University of California, Riverside. Ph.D. in Biochemistry required plus research experience in biochemical aspects of tobacco. Will be working within a group of molecular biology related to systems involving higher plants, particularly Nicotiana. Position is at assistant level in biochemistry at the undergraduate and graduate levels and requires a good deal of teaching. Salary is dependent on qualifications. Eleven-month appointment at a salary of approximately $14,400 per year. The University of California is an Equal Opportunity Employer. Write to: R. T. Wedding, Chairman, Department of Biochemistry, University of California, Riverside, Cal. 92502.

ASSISTANT PROFESSOR OF BIOCHEMISTRY With background and interests to support a developing program in the Chemistry of Behavior. Send resume, three references, and statement of research interests to: Dr. W. B. Smith, Department of Chemistry, Texas Christian University, Fort Worth, Texas 76119. TCU is an affirmative action/equal opportunity employer.
POsITIONS OPEN

MINNESOTA GEOLOGICAL SURVEY

The position of Director of the Minnesota Geological Survey will be available in the summer of 1973. The Director will be responsible for providing an active, modern program of basic and applied geological research, geological service, and geological education for the people of Minnesota. Candidates should hold a Ph.D. in geology or related field and have several years of professional geological experience. The position carries a professional appointment in the Department of Geology and Geophysics of the University of Minnesota, with modest teaching responsibilities. Interested persons should send résumés and names and addresses of three references to H. E. Wright, Department of Geology and Geophysics, University of Minnesota, Minneapolis, Minn. 55455. The University of Minnesota is an equal opportunity employer.

JUNIOR SCIENCE WRITER

with training in nutrition, or allied fields, to translate technical resource material for lay audiences, to interpret nutrition research to education—health professional communities, trade press, to edit other material for related interpretation pieces. Should have sound background with a degree in nutrition, journalism, or communications. Writing experience required. Full fringe benefits. Salary competitive. Send résumé to:

Executive Assistant
National Dairy Council
19 East Street
Chicago, Illinois 60654

ELECTRON MICROSCOPIST

Faculty position open in Department of Microbiology, Mount Sinai School of Medicine of the City University of New York, for independent investigator to direct research and teaching in relation to bacterial or viral ultrastructure. Academic rank and salary will depend on qualifications. Only written communications including curriculum vitae and bibliography will be considered. Address to Dr. E. D. Kilbourne, 19 East 102 Street, New York, New York 10029.

An equal opportunity employer.

DIRECTOR OF MEDICAL TECHNOLOGY/ MEDICAL SCIENCES ADVISOR

Administration of established program including liaison with cooperating hospitals plus advising of preprofessional students in medical sciences. A graduate degree in biology or health-related science is required. Send résumé and inquiries to Dean Low, College of Arts and Sciences, Western Michigan University, Kalamazoo, Michigan 49001.

SCHOOL OF BASIC MEDICAL SCIENCES
UNIVERSITY OF ILLINOIS, URBANA

Three new positions in GROSS ANATOMY, NEUROANATOMY, and MICROSCOPIC ANATOMY are available either September 1973 or 1974 for one senior person and two junior persons. The curriculum is unique and innovative, requiring close cooperation between campus faculty and community physicians. Applicants must have demonstrated outstanding research potential with research interests related to medical sciences and must be competitive for research funding at the national level. Equal opportunities exist for qualified women and minority group members. Deadline date for applications is 3 weeks from publication of this notice. Send applications, including curriculum vitae, publication list, reprints, and at least three letters of recommendation to the Chairman of the Search Committee, Dr. Ray L. Watterson, Department of Zoology, University of Illinois, Urbana, Illinois 61801, who will be available for interviews at the meeting of the American Association of Anatomists 8 through 12 April.

LABORATORY VETERINARIAN

Applications are invited for the position of Laboratory Veterinarian at the UT-AEC Agricultural Research Laboratory. Principal duties are to provide veterinary care for experimental animals (principally farm animals & cattle) used in research, to perform surgical procedures in support of research programs, and to serve as drug control officer for the Laboratory. Minimal requirements are a degree in Veterinary Medicine from an approved school and eligibility for licensure in Tennessee. The position will carry faculty rank at the University of Tennessee. Rank and salary are negotiable. Inquiries should be sent to Dr. T. E. Noonan, Coordinator of Animal Research, 2153 Bethel Valley Road, Oak Ridge, Tennessee 37830. The University of Tennessee is an affirmative action employer.

DUKE UNIVERSITY FACULTY POSITION

Department of Botany, Plant Physiologist

Applications are invited from plant physiologists who have demonstrated excellence in research and teaching. First order of priority is for a person whose research interest and publication record is in the area of photosynthesis, phlorotannins, or other plant membrane systems. The appointee will be expected to develop an active research and graduate training program and to participate in undergraduate teaching.

Applications must include a curriculum vitae, selected reprints or published papers, and the names of three references. Send the information to Prof. Aubrey W. Chairman of Search Committee, Department of Botany, Duke University, Durham, North Carolina 27706.

Duke University is an Equal Opportunity Employer

POSTDOCTORAL RESEARCH IN BIOCHEMISTRY

Position open to a Ph.D. with an interest in the biochemistry of the biosynthesis of transfer RNA. Send vita and names of three references to Dr. M. J. Fournier, Department of Biochemistry, University of Massachusetts, Amherst, Mass., 01002.

The University of Massachusetts is an equal opportunity employer and both female and minority applicants are urged to apply.

RESEARCH ASSOCIATE or POSTDOCTORAL RESEARCHER

Position immediately available. Must be familiar with enzymatic processes involved in FAD, FMN, and riboflavin metabolism. Send vita and references to Dr. Michael K. Show, Biology Department, Haverford College, Haverford, Pa. 19041.

RESEARCH PHYSIOLOGIST/PHARMACOLOGIST

University of California, Davis, a major center for research in respiratory physiology and pharmacology, invites applications for a position in respiratory physiologist/pharmacologist. Applicants should have a Ph. D. and postdoctoral experience in respiratory physiology or pharmacology. Send three references to: Dr. F. H. Stadler, Department of Physiology, University of California, Davis, California 95616.

The University of California is an Equal Opportunity Employer

STATISTICAL LABORATORY OF THE STATE UNIVERSITY OF NEW YORK AT BUFFALO

Two positions are available for Ph.D. or M.S. mathematicians interested in special areas in statistics. One is for a statistician with expertise in biostatistics. The other is for a statistician with expertise in industrial statistics. Send vita and list of three references to: Dr. F. H. Stadler, Department of Statistics, State University of New York at Buffalo, 4430 Riis Road, Amherst, New York 14228.

TERRESTRIAL ECOLOGIST

Preferably with botanical interests, for an assistant professorship in the Department of Botany, University of Pennsylvania, Philadelphia, Pa. 19173.

An Equal Opportunity Employer

ZOOLOGY DEPARTMENT POMONA COLLEGE

A 1-year appointment for a Ph.D. in Biology or Zoology. The candidate must have a good working knowledge of the theory and practice of zoology, and be proficient in various techniques of animal behavior and ecology. Send vita, including list of courses, and three references to: Dr. William DeWitt ANDREWS, Zoology Department, Pomona College, Claremont, California 91711.

An Equal Opportunity Employer

ZOOLOGIST

Ph.D to cooperate in developing and using modern technology to teach biology to large numbers of non-majors. Teaching experience in zoology, insect, vertebrate, and invertebrate zoology is essential. Send vitae and three letters of recommendation to: Dr. M. R. Lee, Zoology Department, University of Illinois, Urbana-Champaign, 61801, by 25 April. A non-discriminatory equal opportunity employer.
