Personnel Placement

POSITIONS WANTED

Analytical Toxicologist, Ph.D., pharmacological sciences. Expertise in the analysis of blood, urine and tissue levels of toxicants by modern analytical techniques. UV, IR, NMR, AAS, GC-MS, fluorometry, radiotracers, and so forth. Requires experience in hospital/university/industries. Box 357, SCIENCE.

Animal Virologist, new Ph.D. Thesis on mechanism of paramyxovirus pathogenesis and host-cell membrane alteration. Broad teaching experience. Seeking a position in research or teaching. Box 343, SCIENCE.

Aquadric Biologist, Sc.D. Extensive experience in aquatic invertebrates, water pollution research and teaching; more than 15 publications. Desires research and/or teaching position. Box 359, SCIENCE.

Cardiopulmonary Physiologist, Ph.D., teaching and research experience, several publications. Seeks academic and/or research position. Box 363, SCIENCE.

Immunophysiological Chemist. Extensive experience in the physiological-biochemical aspects of cellular transport and immunity. Publications and possible transfer of grant. Seeks academic-research teaching position. Industrial will be considered only if it involves active research in physiological biochemical mediators of humoral and cellular immunity. Box 358, SCIENCE.

Ph.D. Biochemist. Enzyme purification and basic enzyme kinetic studies of different enzymatic and synthetic enzymes. Seeks cooperative and students. Box 358, SCIENCE.

Ph.D. Zoologist seeks teaching/research position; ichthyology, marine/aquatic biology/ecology, physiological/behavioral ecology, oceano graphy. Teaching, research with modern equipment. A. Ross, 215 Elm St, Lawrence, Mass. 01841.

Ph.D. Zoologist seeks teaching/research position; ichthyology, marine/aquatic biology/ecology, physiological/behavioral ecology, oceano graphy. Teaching, research with modern equipment. A. Ross, 215 Elm St, Lawrence, Mass. 01841.

Anatomist, Ph.D. Individual interested in a junior position in anatomy. Should be qualified to teach gross anatomy and other anatomical subjects. Resume should indicate experience in research. Send application to Chairman, Department of Anatomy, University of Colorado Medical School, 4200 East Ninth Avenue, Denver, Colo. 80220.

CARDIOVASCULAR INVESTIGATOR

To join research program in large teaching hospital. Require Ph.D. well trained in physiology or pharmacology. Some teaching required. Medical school appointment possible. Send curriculum vitae and two letters of recommendation to K. L. Goetz, M.D., Ph.D., Division of Experimental Medicine, St. Luke's Hospital, Kansas City, Mo. 64111.

CHILD PSYCHIATRIST. Part-time position available for Clinical Instructor in the Department of Psychiatry, University of Michigan Medical School. Candidate must be experienced in adolescent psychiatry. Work particularly involves liaison with adolescent medicine. Candidate will be responsible for supervision of medical students and residents and for developing programs with an assignment in adolescent medicine. Research experience is desirable. Send resume to Box 361, SCIENCE. A Non-discriminatory Affirmative Action Employer.

CHILD PSYCHIATRIST. Position available in the Department of Psychiatry, University of Michigan Medical School. Work on the Inpatient Service for children. The Youth Service has a rapid turnover, crisis intervention ward; the other is divided between long-term treatment and psychosomatic cases. Teaching and research abilities are necessary. Send resume to Box 362, SCIENCE. A Non-discriminatory Affirmative Action Employer.

DIRECTOR OF RESEARCH

New York State College of Agriculture and Life Sciences. Includes responsibilities as director of the Cornell University Agricultural Experiment Station. Desire person with significant accomplishment in research and in administration. Interested must have not only commercial agriculture but also the social, behavioral, and biological sciences. Equal opportunities employer. Address inquiries to J. W. Spencer, Roberts Hall, Cornell University, Ithaca, New York 14850.

ELECTRON MICROSCOPY TECHNICIAN

Ph.D. with extensive experience in radiolu minography is sought for the position of Laboratory Director. This challenging position involves the direction of an electron microscopy reference laboratory, teaching, and research. Reply to: Department of Anatomy, The University of Chicago, 5801 S. Ellis Ave., Chicago, Illinois 60637.

FACULTY POSITIONS IN ENDOCRINE PHARMACOLOGY—An experienced individual with an active research program is sought to head an academic section of basic endocrinology within the Department of Pharmacological Sciences. This position is expected to have a close relationship with clinical departments and the head should have an M.D. degree. Teaching responsibilities include instruction to medical and graduate students.

A junior faculty position in this section is also available for individuals with a Ph.D., or M.D. degree and research interest and publications relating to hormone action.

Reply by 1 August to Arthur Upton, Dean, School of Basic Sciences, State University of New York at Stony Brook, Stony Brook, L.I., New York 11790. The Health Sciences Center is an equal opportunity employer and applications from members of minority groups are welcome.

TWO ASSISTANT PROFESSORS

(September 1973)

Faculty positions are available in the following two areas: (i) IMMUNOLOGY-MEDICAL MICROBIOLOGY (research interest in cellulosous in cellular immunology), and (ii) PHYSIOLOGY-ANAESTHESIA. Applicants will be considered who can develop courses in Immunology and Medical Microbiology or Human Physiology and Anaesthesia Laboratory Courses will be directed toward students of the health science professions. A Ph.D. with one or more years’ postdoctoral research experience, with an interest in teaching and maintaining a rigorous research program, is required.

Send complete application, including curriculum vitae and three letters of reference to: John R. Reddan, Department of Biological Sciences, Oakland University, Rochester, Michigan 48063.

An equal opportunity employer.

INSTRUCTOR

Position available in the Department of Pathology, University of Michigan Medical School. Candidate must have a medical degree and be Board certified in Anatomic and Clinical Pathology. Instructor will support the teaching program and the Clinical Hematology Laboratory. Send resume to:

Box 365, SCIENCE

A Non-discriminatory Affirmative Action Employer.

PHARMACOLOGISTS, PHYSIOLOGISTS, GENETICISTS AND HEMATOLOGISTS

The Peoria School of Medicine, a 3-year clinical school in the University of Illinois College of Medicine, has four staff positions for persons who can teach neurosciences, endocrinology, immunology or hematology in an integrated interest directed toward clinical years. Applicants must hold the Ph.D. or M.D. with a minimum of 2 years' experience and will be expected to develop research programs in community-related areas. Peoria School of Medicine is a new school offering challenging opportunities in education and research. A job description and application, curriculum vitae and letters of recommendation should be sent to the Coordinator of Basic Science Program, Peoria School of Medicine, 1400 West Main Street, Peoria, Illinois 61606.

The University of Illinois is an equal opportunity employer.

LIFEGUARD "outside-of-Cage" Automatic Watering Systems...

For dependable, low-cost watering of mice, rats, hamsters, rabbits, guinea pigs and other small animals...

LIFEGUARD "outside" watering with quick-change cage attachment gives immediate improvement in small animal care:

Total dryness, positive safety, superior sanitation and reduced work load. Indeed, better animal care at lower cost. Guaranteed satisfactory performance. Write or call.

For more information on "outside-of-Cage" automatic watering systems, contact Lifeguard at 481 Walnut St, Napa CA 94558 Telephone: (707) 252-1622
