LETTERS
Letter to Pravda: I. S. Bengelsdorf; Smoking and Air Pollution Standards: R. J. Naumann; Resolution on the Panama Canal: V. G. Springer; Science and Society: I. P. Segrest

EDITORIAL
The Urgent Need for Energy Conservation

ARTICLES
Electromagnetic Separation of Isotopes at Oak Ridge: L. O. Love
Diphtheria: A. M. Pappenheimer, Jr., and D. M. Gill
Parameters of Technological Growth: C. Starr and R. Rudman

NEWS AND COMMENT
Science Politics: An Invitation from the White House
Scientists and the Public Interest
Auto Pollution: EPA Worrying That the Catalyst May Backfire
Science Still in Public Favor

RESEARCH NEWS
Neutral Currents: New Hope for a Unified Field Theory
A Renaissance for European High Energy Physics: United States Dominance a Thing of the Past

BOOK REVIEWS
The History of the Study of Landforms or the Development of Geomorphology: reviewed by C. Albritton; Bigfoot: D. Chitty; Evolutionary Biology of the Anurans: E. E. Williams; Notes on the History of Nutrition Research: F. C. Bing; Books Received
Effect of Restricted Use of Phosphate-Based Detergents on Onondaga Lake: C. B. Murphy, Jr. .................................................. 379

Mars: Mariner 9 Spectroscopic Evidence for H2O Ice Clouds: R. J. Curran et al. .... 381

Raman Spectroscopic Evidence for Two Conformations of Uncomplexed Valinomycin in the Solid State: K. J. Rothschild et al. .................................................. 384

Microearthquakes at St. Augustine Volcano, Alaska, Triggered by Earth Tides: F. J. Mauk and J. Kienle .................................................. 386

Retinal Projections in Blind Snakes: M. Halpern .................................................. 390

Application of the Elution Centrifuge to Separation of Polynucleotides with the Use of Polymer Phase Systems: Y. Ito and R. L. Bowman .................................................. 391

Monocular Spatial Distortions Induced by Marked Accommodation: K. Blank and J. M. Enoch .................................................. 393

Technical Comments: Humerus of Robust Australopithecus: R. F. Kay; H. M. McHenry; Insulin Activity: The Solid Matrix: R. W. Butcher et al.; P. Cuatrecasas; Glaciers and Nutrients in Arctic Fiords: M. J. Dunbar .................................................. 396

The Scientific Climate in San Francisco: H. Mark .................................................. 399

Preliminary Program for the San Francisco Meeting .................................................. 400

Registration and Housing Forms for the San Francisco Meeting .................................................. 406

AAAS Council Meeting, 1973: W. Bevan .................................................. 408

Programmable Sample Processor; Differentiate Heterophile Antibodies; Sample Oxidizer; Electrophoresis Power Supply; Miniature Digital Multimeter; 35-Millimeter Camera-Microscope; Literature .................................................. 410
Science 182 (4110), 334-420.
