Measuring Microscopes; Teflon Programmed Sampling Pump; Rotated Cells for 188
Coulometry; Light Guides for Lasers; Contact Angle Analyzer; Optical
Emission Spectrometer; Literature

COVER

Flock of young homing pigeons returning to their loft. The initial orien-
tation of individual birds released under overcast skies can be altered 180
by changing the direction of the magnetic field around their heads. See
page 180. [Lee R. G. Snyder, Stanford University, Palo Alto, California]
Science 184 (4133), 112-200.
