American Association for the Advancement of Science was founded in 1848 and incorporated in 1874. Its purposes are to further the work of scientists, to facilitate cooperation among them, to improve the effectiveness of science in the promotion of human welfare, and to increase public understanding and appreciation of the importance and promise of the methods of science in human progress. Postmaster: Send Form 3579 to ENCE, 1515 Massachusetts Avenue, NW, Washington, D.C. 20005.
