SCIENCE is published weekly, except the last week in December, by the American Association for the Advancement of Science, 1515 Massachusetts Ave., NW, Washington, D.C. 20005. Now combined with The Scientific Monthly; Second-class postage paid at Washington, D.C., and additional entry. Copyright ©1975 by the American Association for the Advancement of Science. Member rates on request. Annual subscription $50; foreign postage: Americas $7, elsewhere $8; air lift to Europe: $30. Single copies $3 (back issues: $3) except Food Issue (May 1975) is $1 and Guide to Scientific Instruments is $6. School year subscription: 9 months: $37.50; 10 months: $41.75. Provide 6 weeks notice for change of address, giving new and old address and zip codes. Send a recent address label. SCIENCE is indexed in the Reader’s Guide to Periodical Literature.

**Cover**

Separation of domains in a hydrated bilayer of cholesterol and dipalmitoyl lecithin mixture at a molar ratio of 0.65 at 11°C, as viewed by selective reflection dark-field electron microscopy (about X 26,000). See page 383. [S. W. Hui and D. F. Parsons, Roswell Park Memorial Institute, Buffalo, New York]
