Ultrastructure of the Auditory Regions in the Inner Ear of the Lake Whitefish: A. N. Popper .................................................. 1020

Cross-Modal Matching and the Primate Frontal Cortex: M. Petrides and S. D. Iversen .................................................. 1023

COVER

São Paulo, Brazil. Migration into Brazilian metropolitan centers has been massive. From one-fifth to more than one-half of the population has come from migration. Despite the high density of population in São Paulo, people continue to flock there. See page 955. [Varig Brazilian Airlines]
