Personnel Placement

Only those employers and individuals who do not discriminate on the basis of race, sex, religion, age, color, or national origin should submit Personnel Placement advertising.

POSITIONS WANTED: $0.40 per word; use of Box Number counts as 10 additional words. Minimum charge $10. Prepayment required. This rate applies to individual personal agencies, companies, colleges, and universities that take display rate for all advertising.

DISPLAY POSITIONS OPEN, MARKET PLACE, AND SCIENCE. Rates: minimum, per insert (1 inch is equivalent to 1½ lines of 50 spaces each). Ads over 1 inch must be typed at 1½ line spacing. No charge for Box Number. Rates per. No agency commission allowed for ads under 4 inches. No cash discount. Prepayment required for foreign advertising. Purchase orders and billing information must accompany all other advertising.

COPY for ads must reach SCIENCE by Wednesday, 3½ weeks before issue date (Friday of each week) requested. Send copy for all positions wanted ads and display ads under 5 inches to:

SCIENCE, Room 207
1515 Massachusetts Ave., NW
Washington, D.C. 20005

Send copy for display ads, 1½ page each and larger, to:
Scherago Associates, Inc.
310 Madison Ave.
New York, N.Y. 10036

BLIND AD replies should be addressed as follows:
Box (give number)
Science
1515 Massachusetts Ave., NW
Washington, D.C. 20005

Effective 1 January 1977, the display rate for SCIENCE will be $145 per column inch, minimum.

POSITIONS OPEN

UNIVERSITY OF WYOMING
COLLEGE OF HUMAN MEDICINE
ASSISTANT DEAN, BIOLOGICAL SCIENCES
Administrative position in the College of Human Medicine, University of Wyoming. Responsibilities will include leadership and development of the biological sciences faculty for teaching, research, and service needs of the College. The assistant dean should have demonstrated accomplishments for behavioral and clinical sciences to develop and implement a core curriculum for undergraduate, graduate, and continuing medical education. M.D. or Ph.D. in basic biological sciences required as is experience in development, design, evaluation, and implementation of integrated biological sciences programs and courses for medical education.

Position available 1 July 1977.

Contact: Robert M. Daugherty, Jr., M.D., Ph.D., Dean of the College of Human Medicine, University of Wyoming, Box 3433, University Station, Laramie, Wyoming 82070.

The University of Wyoming is an Affirmative Action/Equal Opportunity Employer, M/F.

UNIVERSITY OF WYOMING
COLLEGE OF HUMAN MEDICINE
ASSISTANT DEAN, BEHAVIORAL SCIENCES
Administrative position in the College of Human Medicine, University of Wyoming. Responsibilities, in cooperation with the department chairs, will include recruitment of interdisciplinary behavioral sciences faculty for teaching, research, and service needs of the College. The assistant dean should have demonstrated accomplishments for behavioral and clinical sciences to develop and implement integrated curriculum for undergraduate, graduate, and continuing medical education. M.D. or Ph.D. in basic behavioral sciences required as is experience in development, design, evaluation, and implementation of integrated behavioral sciences programs and courses for medical education.

Position available 1 July 1977.

Contact: Robert M. Daugherty, Jr., M.D., Ph.D., Dean of the College of Human Medicine, University of Wyoming, Box 3433, University Station, Laramie, Wyoming 82070.

The University of Wyoming is an Affirmative Action/Equal Opportunity Employer, M/F.

ASSISTANT PROFESSOR OF BIOLOGY: Small liberal arts college for women with strong commitment to excellence in a science area will have a position for a Ph.D. biologist beginning September 1977. Primary responsibilities in genetics and microbiology but broad background in biology essential; supervision of undergraduate research expected. Submit resume and three references before 15 January 1977 to Dr. Louise Monack, Division of Mathematical and Physical Sciences, Wilson College, Chambersburg, Pa. 17201.

ASSISTANT PROFESSOR OF GENETICS for undergraduate teaching and research in genetics and freshman introductory biology. Additional expertise in pre-medical genetics or cytogenetics and biostatistics desirable but not essential. Experience with eukaryotes desired. Salary competitive with excellent fringe benefits. Send resume and three references before 15 March 1977 to Dr. P. K. Bhattacharya, Chairman, Biology Department, Indiana University Northwest, Gary, Indiana 46408, an Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR OF NEUROSCIENCE: The University of California, Los Angeles, invites applications or nominations for a position of assistant professor of neuroscience. This appointment will be sponsored jointly by the Brain Research Institute and an appropriate basic science department in the School of Medicine. The appointment could be at any level from a recognized accomplishment and outstanding promise in the field of cellular neuroscience, one area of particular interest being neuromodulation. The appointee will join the newly established Ahmanson Laboratory of the Brain Research Institute. Applications for nomination should be submitted with a curriculum vitae, bibliography, and names of potential references to: Director, Brain Research Institute, UCLA School of Medicine, Los Angeles, Calif. 90024. Appointments and interviews will be treated confidentially with the limits of the University's Affirmative Action Employment Policy. Candidates will be considered with regard to race, color, religion, sex, or national origin. All applications must be received by 31 December 1976.

Assistant professors, two positions, fall 1977. PLANT PHYSIOLOGIST and COMPARATIVE ANIMAL PHYSIOLOGIST (vertebrate). Additional responsibilities in teaching and graduate training of cells and/or general biology required. Ph.D. degree, undergraduate teaching experience, excellence as a teacher. Experience in microanatomy and teaching of undergraduate participation are essential. Potential tenure, appointment for three years. Inquiries should be directed to: Dr. Robert Nickerson, Search Committee Chair, Biology Institute, Simmons College, 300 The Fenway, Boston, Mass. 02115. An Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR: Applications are invited for a position in the Department of Chemistry at Massachusetts Institute of Technology (MIT). Applicants should have demonstrated ability to do exceptionally independent research in the area of physical chemistry, bioorganic, or biophysical chemistry. MIT is an Equal Opportunity Employer and applications and information regarding minority candidates are encouraged. Please submit a curriculum vitae, a publication list, a description of current research, and three letters of recommendation sent not later than 15 January 1977 to: Dr. C. T. Walsh, Associate Professor of Chemistry, Room 4129, Massachusetts Institute of Technology, Cambridge, Mass. 02139.

ASSISTANT PROFESSOR—ANALYTICAL, fall 1977. The Department of Chemistry at the University of Mississippi invites applications from qualified individuals dedicated to excellence in research and teaching in the area of analytical chemistry. Post-doctoral experience desirable. Sub-field should be: spectroscopy, electrochemistry, other. Send resume and three letters of recommendation before 15 January 1977 to: Dr. T. H. Fisher, Department of Chemistry, Mississippi State University, Mississippi State, Miss. An Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR, HUMAN GENETICS: A position is available in the Department of Biology at McGill University. Preference will be given to those who are able to teach and conduct research in human biochemical genetics. Please send a curriculum vitae and names of three reference writers within one month, to F. C. Fraser, Department of Biology, McGill University, 1205 McGregor Street, Montreal, Quebec, Canada H3A 1B5.

ASSISTANT PROFESSOR—SPECROSCOPIST: The biochemistry section of the Department of Ophthalmology is seeking an individual with a strong background in spectroscopy, natural products, and microscopy. Candidates should be interested in pursuing research on the eye tissues related to photochemical and post-translational protein transfer and myelin sheath. Submit curriculum vitae and three references by 15 January 1977 to: Abraham Spector, Department of Ophthalmology of Physicians and Surgeons, Columbia University, 630 West 168 Street, N.Y., N.Y. 10032. Columbia University is an Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR OF POLYMER CHEMISTRY at the University of Texas at San Antonio (UTSA). Candidates with some industrial experience will be preferred. The successful candidate is expected to teach, do research, and work in the department of UTSA's new Polymer Science Program. Please submit a résumé, three letters of reference, and a short statement of research plans by 15 February 1977 to: Director, Division of Earth and Physical Sciences, the University of Texas at San Antonio, San Antonio, Texas 78285. Minority candidates are encouraged to apply. One-year visiting appointments in other areas of chemistry are also open in late spring; applications for which will be entertained until 15 May 1977. UTSA is an Equal Employment/Affirmative Action Employer.

Fall 1977 TEACHING AND RESEARCH POSITIONS in one or both of the following fields: (i) Sedimentology, depositional systems, oceanography, and (ii) introductory geology. Additional interests in palaeontology would be helpful. (ii) Applied geophysics. The successful candidate will instruct in introductory and physical geophysics, and exploration geophysics. Postdoctoral experience is desirable. Application, résumé, and three letters of recommendation must be received by 2 December 1976 to: Director, Division of Earth and Physical Sciences, The University of Texas at San Antonio, San Antonio, Texas 78285. UTSA is an Equal Employment/Affirmative Action Employer.
