PERSONNEL PLACEMENT

Only those employers and individuals who do not discriminate on the basis of race, sex, religion, age, color, or national origin should submit Personnel Placement advertising.

POSITIONS WANTED: 40¢ per word. Use of Box Number counts as 10 additional words. Minimum charge $1.00. This column applies to individuals only; personnel agencies, companies, colleges, and universities take display rate for all advertising.

DISPLAY (POSITIONS OPEN, MARKET PLACE, AND BOX NUMBER) - insertion per inch is equivalent to 11 lines of 52 spaces each. Ads over 1 inch billed at 24 lines per inch. No charge for Box Number. Rates net. No agency commission allowed for ads under 4 lines. Send adv. with telephone number required for foreign advertising. Purchase orders and billing information must accompany all other advertising.

COPY for ads must reach SCIENCE by Wednesday, 3 weeks before issue date. Friday of each week is requested. Send copy for all positions wanted ads and display ads under 5 inches to:

Box, Room 207
1513 Massachusetts Ave., NW Washington, D.C. 20005

Send copy for display ads, 1/6 page and larger, to:
Science Careers, Inc.
11 West 42nd Street New York, N.Y. 10036

BLIND AD replies should be addressed as follows:

Box, Room (423) SCIENCE
1513 Massachusetts Ave., NW Washington, D.C. 20005

POSITIONS WANTED

Biochemist. Ph.D. 1968. Research experience in carbohydrate and lipid enzymology and lipid methodology; laboratory supervision. Seeks position in interdisciplinary research group. Box 147, SCIENCE.

Biomedical Communicator, for professional or lay audience. Experience in writing, editing, photography. Ph.D. in biochemistry, M.P.H. in epidemiology, university research/teaching background, plus statistical and magazine experience. Award-winning science writer. Seeks permanent editorial position or full-time assignments. P. L. Pettrakis, 12115 Bluhill Road, Wheatland, Maryland 20002.

Cell/Developmental Biologist. Ph.D., extensive teaching and research background, familiar with electron microscopy; 17 publications; seeks research/teaching position. Box 148, SCIENCE.

Electronics Engineer-M.S.E.E., 25 years of experience. Design and development of special-purpose instruments, circuits, systems, and measuring apparatus. Available on a free-lance basis. Box 151, SCIENCE.

Physicist. Ph.D., December 1976, in solid state theory with particularly strong mathematics background and several years computer experience desires challenging nongraduate academic position. Box 152, SCIENCE.

POSITIONS OPEN

AIR POLLUTION SCIENTIST/ENGINEER

Staff scientist position available for a Ph.D. in air pollution chemistry, environmental chemistry, or related fields, with strong commitment to environmental protection and interest in research directed toward the operational office of a national environmental organization. Demonstrated knowledge in air quality impacts of fossil fuel utilization and conversion, air quality modeling, or pollution control technology are also required. Familiarity with government regulations, ability to apply knowledge in own field to other environmental concerns, and economics background are desirable. Salary competitive. Send resume, supporting documentation, names of three references, and date of availability to:

Environmental Defense Fund, Inc.
1457 Pennsylvania Street
Denver, Colorado 80203

CORNELL UNIVERSITY

The Department of Poultry Science has an opening for an ASSISTANT PROFESSOR beginning 1 July 1977. Research/teaching in animal immunogenetics and/or cellular genetics emphasizing avian species. Ph.D. required. Primary training in genetics, cell biology, or immunogenetics. Experience in related areas such as breeding, physiology, or parasitology is desirable. Applicants must present evidence of ability to do independent research. Submit curriculum vitae, names of three references, synopsis of research plans and three letters of recommendation by 1 June 1977 to Dr. Stephen B. Bloom, Chairman, Search Committee, Department of Poultry Science, Cornell University, Ithaca, New York 14853. Cornell University is an Equal Opportunity Employer.

ASSISTANT PROFESSOR OF EXPLORATION GEOPHYSICS IN THE UNIVERSITY OF CALIFORNIA, BERKELEY

Applications are invited for an assistant professor in the Engineering Geoscience Group in the field of applied or exploration geophysics. Applicants should have a Ph.D. and have a demonstrated interest in research and teaching. Ability to apply geophysics in the broad area of energy and mineral exploration. Address inquiries to Chairman, Department of Materials and Mineral Engineering, University of California, Hearst Mining Building, Berkeley, California 94720. The University of California is an Affirmative Action/Equal Opportunity Employer. Minority and women candidates are encouraged to apply. Closing date for applications: 31 May 1977.

ASSISTANT PROFESSOR OF PLANT PATHOLOGY

POSITIONS OPEN

ANATOMISTS. Three positions: one to teach medical gross anatomy and neuroanatomy at assistant professor level, one to teach human anatomomy at assistant professor level, one to teach undergraduate human anatomy at the instructor level. Appointments will be tenure-track. Ph.D. or M.D. degree and will be expected to develop a strong research program and also participate in teaching. Applicants should have at least an M.S. degree. Submit curriculum vitae and three references before 22 April to Dr. Antonio A. pondal, Chairman, Department of Anatomy, Wright State University, Dayton, Ohio 45431. An Equal Opportunity/Affirmative Action Employer.

VISITING ASSISTANT PROFESSOR. The Biology Department at Clark University anticipates a 1-year visiting position in a sabbatical replacement beginning in September 1977. Applicants should be qualified to teach microbiology to undergraduates and be willing to participate in our introductory biology program. Submit a curriculum vitae and names of three references to: Dr. M. Sherman, Chairman, Biology Department, Clark University, Worcester, Mass. 01610. Equal Opportunity/Affirmative Action Employer.

Two VISITING ASSISTANT PROFESSORS for 1977-78 academic year only, beginning September 1977. Faculty are required to teach as follows: (i) selective developmental biology with participation in the introductory biology program, and (ii) advanced and introductory genetics—research ability in organismal or population genetics would be advantageous. Applicants who have Ph.D. degree are invited to submit curriculum vitae and recommendation by 1 May 1977 to: Chairman, Department of Biological Sciences, Wright State University, Dayton, Ohio 45431. An Affirmative Action/Equal Opportunity Employer.

ASSISTANT PROFESSORS—Two positions available at Jefferson Medical College, Philadelphia Department of Microbiology. In one opening candidate will teach graduate and undergraduate courses and conduct independent research and must have experience in infectious diseases and general microbiology. Duties of other opening are to conduct independent research work. Minimum 2 years postdoctoral experience in cell mediated immunity are required. Qualified applicants for either position should send curriculum vitae to Dr. Joseph W. Schaedler, Chairman, Department of Microbiology, 1620 Walnut Street, Philadelphia, Pa. 19107. Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR OF BIOCHEMISTRY will be appointed in 1977-78 to work in the areas of immunology or mammalian enzymes. The successful candidate must show promise of high level research in at least one of these areas. Responsibilities will include teaching. Salary is competitive, commensurate with experience. Send curriculum vitae and references to: Dr. Robert B. Hoggard, Chairman, Department of Biochemistry, Georgetown University, Schools of Medicine and Dentistry, Washington, D.C. 20007. Georgetown University is an Affirmative Action/Equal Opportunity Institution.

ASSISTANT PROFESSOR OF BIOLOGY

Undergraduate department needs Ph.D. with competence in human anatomy and physiology, and dedicated interest in teaching introductory biology. Staff position. $12,500 for 9 months, to begin September 1977. Send resume, transcripts, and three letters of reference by 29 April to: P. R. Hackney, Chairman, Department of Biology University of Maine, Orono, Maine 04469.

ASSISTANT PROFESSOR OF PLANT PATHOLOGY

Position available 1 September 1977; 10-month appointment, salary $16,750. Appointment will teach courses in introductory plant physiology and applied plant pathology. Preference will be given to candidates whose research experiences and interests are in quantitative aspects of crop physiology and/or application of physiology in crop protection. Application of all such qualifications should be submitted by 15 May 1977. Applicants must have Ph.D. and should submit a synopsis of their teaching experience; including a concise description of teaching and research background, transcripts, and three letters of reference to: Dr. A. C. Crinella, Chairman, Committee, Department of Plant Sciences, Texas A & M University, College Station, Texas 77843. An Equal Opportunity/Affirmative Action Employer.
