Cannabinoids Inhibit Testosterone Secretion by Mouse Testes in vitro: S. Dalterio, A. Bartke, S. Burstein ................................................................. 1472
Suppression of Sympathetic Nervous System During Fasting: J. B. Young and L. Landsberg ........................................................................................................ 1473

PRODUCTS AND MATERIALS

Cutaneous Valve; Spectrofluorometer; Analytical Balance; Hematology System; X-ray Analyzer; Nuclear Magnetic Resonance Spectrometer; Temperature Monitor; Electron Microscope; Literature .................................................. 1476

COVER

Micropyle on surface of egg of nondiapauing strain of the gypsy moth (Lymantria dispar L.). It looks like that on the normal eggs (about 2800). See page 1462. [Kathleen Stone Shields, Northeastern Forest Experiment Station, U.S. Forest Service, Hamden, Connecticut]
