1977 edition features two new sections:
Electrophoresis and Molecular Recombination Reagents.
Other sections include: Stable Isotopes, Immobilized
Biochemicals, Polypeptides, Lipids, Lectins, Nucleic Acids,
Enzymes, Blood Proteins and Immunochemicals.

On its 171 fact-filled pages, you'll find not only a listing
and a description of products, but also applications,
assay methods and pertinent references.

No other catalog gives you so much useful informa-
tion at a glance. It can serve as a handy reference book
and an alphabetical index makes everything easy to
find.

What's more, this unique catalog is backed by Miles' 24-hour ordering system. You can phone us at any
time (even Saturday at 4 A.M.) and place your order for
immediate shipment the next working day. You can
also phone for quick assistance or information on any
product.

To get your copy of the 1977 Miles Biochemical Catalog, just fill out
and mail the coupon. What
could be easier?

Please rush me my free copy of the
1977 Miles Biochemical Catalog.

When you buy a microscope, make sure you get enough... without paying for too much.

Don't buy on price alone. You may miss features you need. But don't buy frills and features you don't need or you'll pay more than you have to.

Look at our new GALEN microscope before you buy. It meets exacting Bausch & Lomb standards yet the price is surprisingly low.* The GALEN microscope is designed for work in colleges, hospitals and industrial labs. And it meets all the specifications required for a microscope used to study medicine.

We think this is the best microscope value on the market today. Ask for a demonstration.

GALEN
Professional Microscope

*Monocular model $630, Binocular model shown $799.

BAUSCH & LOMB
Scientific Optical Products Division
Optics Center, Dept. 6602
1400 North Goodman Street
Rochester, N.Y. 14602

Available on GSA contract. Consult the Yellow Pages for your local authorized Bausch & Lomb dealer.

Guanosine 5'-triphosphate, tetrasodium salt, [8,5'-3H] 35-50Ci/mmol

Other high specific activity ribonucleotides [3H]:

- ATP [2,8-3H] 25-40Ci/mm mol
- CTP [5-3H] >20Ci/mm mol
- UTP [5,6-3H] 35-50Ci/mm mol

All supplied in ethanol:water, 1:1, in dry ice.

Not for use in humans or clinical diagnosis

Clean Sweep

We’re clearing our shelves. Entire stock of 1969-1975 AAAS annual meeting session audiotapes is now available at reduced prices.

This is a collection of 149 titles—tapes of selected symposia in the following fields: biological sciences; chemistry; earth sciences; engineering; information and communication; mathematics and logic; medical sciences; physical sciences; and social and behavioral sciences (anthropology, ecology, economics, education, psychology, sociology).

Each session now costs only $12 if recorded on cassettes or $6 for each session on open-reel tapes. We don’t have enough space to list every title, but you can find titles and descriptions in the 1976 AAAS audiotapes brochure.

For more information, write to:
AAAS Audiotape Program
1515 Massachusetts Avenue, N.W.
Washington, D.C. 20005
Enkephalin (5-L-leucine), [tyrosyl-3,5-3H(N)]-
15-30Ci/mmol
0.05M Acetic acid, silanized combi-vial, dry ice
NET-540 $103/250μCi $297/1mCi

Enkephalin (5-L-methionine), [tyrosyl-3,5-3H(N)]-
15-30Ci/mmol
0.05M Acetic acid, silanized combi-vial, dry ice
NET-532 $103/250μCi $297/1mCi

Biologically stable
Enkephalinamide (2-D-alanine-5-L-methionine),
 [tyrosyl-ring-2,6-3H] -
30-50Ci/mmol
0.05M Acetic acid, silanized combi-vial, dry ice
NET-559 $115/250μCi $325/1mCi

Not for use in humans or clinical diagnosis.

The Perpetual Preservation Machine.

Energy is probably the most poignant word in the world today. Fuel used to make electricity is in short supply and a fuel shortage means a power shortage and without power, most refrigeration systems are inoperable.

But, Cryenco Biostat® storage containers don't rely on electricity to preserve perishable biologicals. Instead, they rely on liquid nitrogen, a renewable, autonomous refrigerant that can't be turned off accidentally.

The Cryenco Model 1000X is particularly suited to the field of medicine. All stainless steel outer shell construction, large capacity, inventory versatility and vapor phase storage option make this container a truly remarkable storage facility.

Over 1300 1cc ampules may be stored in this model, which is equipped with 15 canisters stored and indexed on a lazy susan assembly.

Each canister is accessible individually by convenient indexing. A great variety of biologicals may be stored and retrieved easily by the simple turning of a dial.

Write today for a free catalog or contact your local Cryenco representative. You'll never have to worry about anyone pulling the plug on your perishables.
The free source.

Now find all your biochemicals in one bright, convenient source... P-L's free Reference Guide and Price List 105. You'll see over 350 new product additions. New lectins. Expanded sections on affinity chromatography, nucleotides, enzymes, coenzymes and lipids. Plus DNA polymers, CoA derivatives, amino acids, antibiotics, carbohydrates and much more! And they are produced under the highest standards of quality and purity. So ask for your P-L catalog today... it's free.

The Incubator People

FORMA

THE CH/P SYSTEM MODEL 3028

Forma's CH/P System introduces a new generation of incubators. Solid-state electronics provide super accurate control of temperature, CO₂, and relative humidity. Direct digital setpoint and digital display of all functions assures amazingly simple operation with precise repeatability. The CH/P System... for results.

Listen!

Did you miss us in Boston? Did you hear it all in Denver? . . . we have the tapes!

A large variety of sessions at the 1976 Annual Meeting in Boston were taped, and we did it again for Denver in 1977.

If you were not able to attend the meeting, or a particular session, and you want a complete list of all Denver and Boston tapes, write to

AAAS Cassettes
C/o CEBAR Communications, Inc.
2735 Central Street
Evanston, Illinois 60201

For a complete listing of the sessions taped from our 1969-1975 Annual Meetings, please write to

AAAS Audiotape Program
1515 Massachusetts Ave., N.W.
Washington, D.C. 20005
