

# L/I'S NEW REPIPET II dispenser Virtually unbreakable!

**Better than any \$85  
plastic dispenser! But only \$52.50!**

Here it is, the best value ever offered in reagent dispensers. The tough REPIPET II reflects more than 14 years of L/I's experience in liquid dispensing—your best assurance of quality and performance. All REPIPET II dispensers feature the use of fluorocarbon and extra-thick borosilicate glass for strength and durability. They're tough lab workhorses, virtually impossible to break.

Note the 100-division scales, printed where they should be—on the glass barrel, not on an elastic plastic! L/I's exclusive sturdy magnifying indicator is a further aid to precise volume settings.

L/I guarantees accuracy of 1.5% full scale and 0.2% reproducibility for all REPIPET II dispensers. They are suitable for use with all laboratory reagents (except HF).

(Although TEFZEL® plastic and TEFLON® plastic are chemically inert to all laboratory reagents, slight distortions may occur at autoclaving temperatures and with some strong solvents.)

\*REPIPET II dispensers are offered in three popular sizes, 5, 10, and 20 ml. Price of 5 and 10 ml units is \$52.50; 20 ml, \$58.50.
