Personnel Placement

POSITIONS OPEN

ANALYTICAL CHEMIST OR ENVIRONMENTAL SCIENTIST. Experience in trace organic analyses, wet and instrumental methods. Goal of position is to carry out laboratory service in a clinical column chromatography of hydrocarbons and/or GC-MS. Within 1 week, send résumé and three letters of recommendation to: Department of Chemistry, Texas A & M University, College Station, Texas 77843. Indicate salary.

ANATOMIST
University of California, San Diego

Experienced teacher wanted. Senior lecturer position open to teach at the UCSD School of Medicine. Four-month appointment (September through December), $17121 to $2845 monthly, depending on experience. Duties include teaching at the undergraduate and graduate levels, and preparing for fulfillment of the requirements for intensive participation in functionally oriented gross course (17 hours per week for 11 weeks), including demonstration, preparation, grading, and office hours. Please send curriculum vitae and names of three aca-
demic references to: Nicholas A. Halalz, M.D.
Head, Division of Anatomy
University of California, San Diego
225 West Dickinson Street
San Diego, Calif. 92103

An Equal Opportunity/Affirmative Action Employer

AQUATIC ECOCOLOGIST

ICHTHYOPANKTON. M.S. degree, experience desirable. Should be responsible for designing field studies, directing projects, sampling ichthyopankton and macroplankton, data management, and analysis. Applicant must be interested in ecological problems with ichthyopankton and doing original research. Send curriculum vitae and names of two references to: Dr. Robert J. Naiman, National Academy of Sciences, Philadelphia, Pa. 19103. Equal Opportunity Employer.

ASSISTANT PROFESSOR: tenure-track position in an academic setting. Candidates must be Board-certified in anatomic pathology or in both anatomic and clinical pathology. Prior experience in teaching at the undergraduate and intern/resident levels would be valuable. Demonstrated ability to develop an investigative program must be shown. Preference will be given to those candidates who show an expressed interest in cardiovascular pathology. The candidate must be qualified to obtain a Kentucky Medical Licensure. Excellent career opportunity. Outright a detailed curriculum vitae and salary re-

requirements to: Dr. Randolph Schrodt, M.D., Professor and Chairman, Department of Pathology, University of Louisville School of Medicine, P.O. Box 353660, Health Sciences Center, Louisville, Kentucky 40232. An Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR

Department of Microbiology
Johns Hopkins University School of Medicine

Applications are invited from candidates with a Ph.D. or M.D. degree plus postdoctoral research experience and interest in the biochemistry of cellular immunity. Candidates should be qualified to carry out independent research, including supervision of graduate students, and to teach in the school’s medi-
cal and graduate programs. Applicants should send a detailed curriculum vitae, bibliography, and two letters of reference by 1 December 1977 to: Dr. Manfred M. Marcus, Department of Microbiology, Johns Hopkins University School of Medicine, 725 North Wolfe Street, Baltimore, Maryland 21205. Johns Hopkins University is an Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR OF BIOCHEMISTRY— State University of New York, Downstate Medical Center. The Department of Biochemistry has 17 graduate students. Faculty includes research interests, affiliation with a major medical center and facilities to permit unrestricted development by the investigator. Imaginative and energetic candidates will be expected to participate in teaching of under-

graduate, medical, and graduate students and to de-
velop a funded research program. Submit a curricu-

lum vitae, names of three references, and a descrip-
tion of research plans to: Dr. R. D. Petsman, Search 

Committee, SUNY Downstate Medical Center, Brooklyn, New York 11203. Equal Opportunity/Affirmative Action Employer.

POSITIONS OPEN

Opening at the rank of ASSISTANT PROFESSOR beginning fall 1978 in the Department of Biological Sciences. The Department of Biological Sciences consists of 20 full-time faculty, most of whom are actively involved in biomedical research. The Department offers the Bach-

elor’s and master’s degrees and participates in the teaching of Health Science Programs. The can-
didates should have a Ph.D. or M.D. degree in postdoctoral experience, and a strong commitment to research. Duties include teaching for two semes-
ters (8 months) with a laboratory in medical microbiology and a small upper-level immunology course. The successful candidate is expected to participate in the graduate program, to develop an active research program in his/her chosen area. Ap-
ply with curriculum vitae, short description of future goals, and names of three referees to: Dr. Arun K. Roy, Department of Biological Sciences, Oak-
land University, Rochester, Mich. 48043. Oakland University is an Affirmative Action Employer and applications from members of minority groups are encouraged.

Positions available: ASSISTANT PROFESSORS OF ANATOMY, beginning summer 1978. (i) Neuroanat-
omy and gross anatomy. Research in neuroscience. Grant support desirable. (ii) Cell biologist: teaching responsibilities include histology, neuroanatomy, an-
atomy. Research in cell biology. Grant support desir-
able. Send curriculum vitae and names of three ref-
es to: Dr. Harry Maudel, Department of Anato-
my, Wayne State University School of Medicine, Det-

ASSISTANT PROFESSOR-BIOLOGY: full time; permanent; to begin 21 August 1978. Ph.D. required. Two-semester (9 months) position in the area of marine biology, with a concentration in fish or shrimp biology. Relevant teaching and research experiences are required. Submit application, including a letter of application, curriculum vitae, names of referees, and research papers, to: Dr. Arnold L. Leiman, Chair of the Search Committee, Department of Biological Sciences, University of California, Berkeley, Calif. 94720. Equal Opportunity Employer. Minority and women candidates are urged to apply.

UNIVERSITY OF CALIFORNIA, BERKELEY. An anticipated opening (fall 1978) pending budgetary ap-
proval at the assistant professor level in biological psychology. Persons with research interests in neural plasticity (neural system development and behavior, or neural mechanisms of learning and memory) are especially encouraged to apply. Salary range: $15,000 to $16,600, depending on qualifications and experience. Please send by 1 February 1978, cur-
riculum vitae, research experience, a list of three references, and research papers, to: Dr. Joseph Kawatsuki, Chairman, Department of Psychological Sciences, Viterbo College, La Crosse, Wisconsin 54601. An Equal Opportunity/Affirmative Action Employer.

VASSAR COLLEGE. The Department of Biology will make an appointment at the level of assistant or associate professor in developmental and molecular biology for September 1978. We seek an individual with experience and a strong commitment to the teaching of undergraduates. The candidate should 

have a broad knowledge of molecular biology and an ability to teach a wide range of courses. Submit a letter of application and curriculum vitae to: Dr. Patrick Johnson, Chairman, Department of Biology, Vassar College, Poughkeepsie, N.Y. 12601. Deadline: 1 December 1977. Vassar College is an Equal Opportunity/Affirmative Action Employer.

ASSISTANT or ASSOCIATE PROFESSOR OF PA-
THOLOGY positions available in the Department of Pathology of The George Washington University Medical Center. The Department of Pathology at The George Washington University Medical Center has 21 full-time faculty positions available for individuals with training and experience in academic pathology: (i) a laboratory pathologist with an interest in bacteriology, virology, or cellular pathology; and (ii) experimental pathologist. Can-
didates should be M.D.’s with Board-certification or eligibility. Teach surgical pathology, perform autopsies, and teach medical students and residents. Inquiries, curriculum vitae, and bibliographies should be sent to: Dr. H. Silman, Chairman, Department of Pathology, The George Washington University Medical Center, 2300 Eye Street, NW, Washington, D.C. 20037. An Equal Opportunity Employer.

M.S., Ph.D.; extensive experience in National Park interpretation; experience in academia, industry, three federal agencies; publications; grants. Seeks position (creative, innovative) in interpretation in in-
dustry, parks, other. Box 420, SCIENCE.

M.S., Ph.D.; extension experience in National Park interpretation; experience in academia, industry, three federal agencies; publications; grants. Seeks position (creative, innovative) in interpretation in in-
dustry, parks, other. Box 420, SCIENCE.

Reproductive Biologist, M.D. (1967), M.D. specialist reproduction (1971), 8 years’ experience (top labora-
tories, ex-WHO consultant). Publications. Seeks faculty 80 percent effort (20 percent teaching responsi-

bility) phylogenesis, comparative morphology, re-
producibility. Box 420, SCIENCE.
