POSITIONS WANTED

Biotechnologist/Molecular Biologist, Ph.D. 1971, also training in chemistry, diverse interests, experience, and training in physical biochemistry, protein/ enzyme purification, DNA/RNA purification, characterization, metabolism, and translation of DNA, transcription, translation, molecular hybridization, chromatin structure/composition, virology, hormone receptor; familiar with cell culture, cell fractionation; basic science/medical teaching; postdoctoral, biochemistry, grants, publications; currently working in a teaching medical center. Seeks academic-industrial position. Box 225, SCIENCE.

X

Biologist, M.S. Seeks position at community college. Diverse, interdisciplinary coursework background, focus on general biology, ecology, physiology, and parasitology. Outstanding résumé and references. J. D. Muszewska, 8725 Ridge Street, River Grove, Illinois 60171.

X

X

Cell Biologist, Ph.D. Experienced researcher (8 years) in cell and tissue culture, cell cycle kinetics, virology, and biochemistry. Seeks position in industry or government with interest in pharmaceutical R & D and development of in vitro drug and toxicology assays. Box 222, SCIENCE.

X

Geologist/Oceanographer, Ph.D., 8 years of research, 11 years of teaching experience, wide variety of geology/oceanography courses. Seeking teaching or other position. Box 224, SCIENCE.

X

Zoologist/Endocrinologist. M.S., botany, Ph.D., entomology. 12 years experience in agricultural research, in agricultural consultant, laboratory and field research in entomology and ichthyology; experience in preparation of research reports. Seeks position in research, extension, or educational position. Available August 1978. Résumé and references on request. Box 221, SCIENCE.

X

ASSISTANT/ASSOCIATE PROFESSOR

The Department of Physiology has an opening for an assistant or associate professor with a strong background in the use of a large chronic animal (including primates) prepreparations in physiological research. Persons applying for this position should provide evidence of knowledge of cellular and long-term maintenance of such animals. In addition, they should provide evidence of experience in the development and usage of equipment and instrumentation required to accurately measure cardiovascular variables. Please reply to: Chairman, Department of Physiology, Michigan State University, East Lansing, Mich. 48824.

An Equal Opportunity/Affirmative Action Employer.

UNIVERSITY OF MINNESOTA

Assistant Professor, Anthropology. 1978-1979 academic year. Temporary 1-year position: Ph.D. required. Interest in social-structural/functional theory and analysis of human societies. Salary: $14,000 to $17,500, depending on qualifications. Send letter, curriculum vitae, reprints, graduate transcripts, and names of three references to: William Rowe, Chairman, Search Committee, 215 Ford Hall, University of Minnesota, Minneapolis, Minn. 55455. Deadline for applications is 15 July 1978. The University of Minnesota is an Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR—CELLULAR IMMUNOLOGY

Applications are invited from candidates with a strong background in immunology to study the virus-host and tumor-host relationship in bovine leukemia virus-infected cattle. Minimum qualifications are a Ph.D. or M.D. degree. Applicants should submit curriculum vitae, copies of representative publications, and the names of three referees to:

Dr. J. F. Ferrer
Chief, Section of Viral Oncology
University of Pennsylvania
School of Veterinary Medicine
New Bolton Center
Kennedy Square, Pa. 19348

The University of Pennsylvania is an Equal Opportunity Employer.

ASSISTANT PROFESSOR OF PHYSIOLOGY

The Department of Physiology is seeking a candidate holding an M.D. or a Ph.D. degree with experience in molecular and cellular neurobiology. Field of interest can include theoretical, artificial model, cellular, or epithelial membrane transport systems. Opportunities are available for both collaborative and independent research and for graduate and medical student instruction. Please send complete curriculum vitae, including publications and the names and addresses of three references to:

Chairman, Membrane Transport Search Committee
Department of Physiology
Valentine Hall, University of Virginia
Charlottesville, Virginia 22901

Applications from women and members of minority groups are encouraged. An Equal Opportunity/Affirmative Action Employer.

ASSOCIATE DIRECTOR OF CLINICAL MICROBIOLOGY. Department of Pathology, University of California, Los Angeles (UCLA), School of Medicine and Hospital and Clinics. Applications are invited from well-qualified individuals with a doctorate degree who possess adequate experience in clinical microbiology. The applicant will share the responsibilities of the director and participate in all aspects of the disease-oriented clinical microbiology laboratory; teaching clinical and postgraduate students; and participation in the undergraduate teaching program of the School of Medicine and the clinical education of medical students; and will be responsible for the laboratory's clinical facilities. Please send complete curriculum vitae, bibliography, and the names and addresses of three references to: Dr. W. W. Hoag, Chairman, Department of Pathology, UCLA School of Medicine, Los Angeles, Calif. Applications are encouraged and will be considered early in August 1978. UCLA is an Equal Opportunity/Affirmative Action Employer. Women and minority candidates are encouraged to apply.
