New releases from Mercury Communications:

Getting Your Share of the R&D Funds — \$37.50

... a complete guide to U.S. government R&D funding sources that tells you:

- Where the R&D funds are, and
- How to get your share of them.

In view of the government's increased interest in R&D activities, the timing of this new book from Mercury is extremely appropriate. Written by the authors of *How to Create a Winning Proposal*, *Getting Your Share of the R&D Funds* offers a wealth of valuable information to R&D firms seeking contracts, grants, awards and project funding.

Fully indexed for easy reference, "Getting Your Share" provides a comprehensive survey of the U.S. government R&D market. It includes in-depth coverage of both military and civilian agency funding activities — with a complete breakdown of the R&D funding sources, what types of projects they fund, where they are located, who to contact, and how to sell your project to them.

Excellent guidelines are given on preparing and submitting government R&D proposals and grant applications. The book also provides current patent information, and explains how to protect your inventions or ideas from unauthorized use or disclosure.

Info-Sources Directory — \$44.50

Mercury's *Info-Sources Directory* contains a complete listing of the prime sources of scientific and high-technology information currently available in the U.S., including all of the major government data banks. The sources are detailed by areas of specialization — with descriptions of the information, documents, services, and technical assistance available from each one.

Info-Sources Directory is a critical desk-top reference for scientists, engineers, researchers, project managers — anyone who requires quick and easy access to state-of-the-art information in a given field. The book also provides the most current information available on government-sponsored assistance programs. Other topics include:

- Where to get reports on on-going government-sponsored research and engineering projects
- How to gain access to the NASA and DOE data banks
- Who to contact for a listing of government-patented inventions available for sale or licensing
- Where to get free assistance developing and marketing new high-technology products

Info-Sources Directory also features prime sources of English-language translations of scientific and technical information from around the world.

Ordering information:

Copies of these publications are available prepaid from Mercury Communications Corp. Prices include shipment inside the U.S. Foreign orders, please add \$3.00 postage and handling per title. In Calif. add 6% sales tax. Payment must accompany all orders. Master Charge and VISA orders accepted. Please state card no. and exp. date. C.O.D. orders call 408/425-8444.

Do your
copies
look like
this?

If so, you need our attractive *Science* Binders to keep your copies of *Science* in good condition, and available for quick, easy reference. Simply snap the magazines in or out in a few seconds—no punching or mutilating. They open FLAT—for easy reference and readability. Sturdily constructed, these maroon imitation leather binders stamped in gold leaf will make a fine addition to your library.

Science Binders hold one three-month volume of *Science*. They have a 3-inch back and 14 fasteners. \$6.00 each. Four binders, \$22.00. (Please allow 6 to 8 weeks for delivery)

For orders outside the United States add .60 cents per binder. Imprint: name of owner, year of issues (for example: 1972-4 or vol. 178), add \$1.00 per binder.
