Nuclear Safety: Is Scientific Literacy the Answer?: R. L. Meehan ............................................. 571

ARTICLES
Identifying Environmental Chemicals Causing Mutations and Cancer: B. N. Ames ........................................ 587

NEWS AND COMMENT
Assessing the Damage at TMI ................................................................. 594
Briefing: Senior Scholars Unite; Teen-Age Pregnancies Out of Control; Justices Ponder Laetrile; A. E., R. B., and P.H ................................................................. 596
Russian Physicist Falls Foul of Bureaucracy ........................................ 598
Changes in Ethics Act Benefit Scientists ........................................ 599
NAS Elects New Members ................................................................. 600
Peer Review Comes to ADAMHA .................................................. 601
Court Reluctantly Upholds EPA on 2,4,5-T Suspension .................................................. 602

RESEARCH NEWS
Geologic Disposal of Nuclear Wastes: Salt’s Lead Is Challenged .................................................. 603

BOOK REVIEWS
The New Solar Physics, reviewed by R. Howard; Planetary Nebulae, E. J. Wampler; Ecology of Freshwater Fish Production, E. E. Werner; The Evolutionary Ecology of Animal Migration, H. Dingle; Books Received .................................................. 607

REPORTS
A Combined Irradiance-Transmittance Solar Spectrum and Its Application to Photovoltaic Efficiency Calculations: P. J. Ireland et al. .................................................. 611

NCE is published weekly on Friday, except the last week in December, by the American Association for the Advancement of Science, 1515 Massachusetts Avenue, NW, Washington, D.C. 20005. Second-class postage (publication No. 484460) paid at Washington, D.C., and at an additional entry. Now combined with The Scientific Monthly. Copyright © 1979 by the American Association for Advancement of Science. Domestic individual membership and subscription ($54), Domestic institutional subscription ($54), Foreign postage extra: Canada $12, other (surface mail at-service) via Amsterdaren $40, First class, airmail, school year, and student rates on request. Single copies $1.50 ($2 by mail); back issues $2.50 ($3 by mail); classroom rates on request. Change of address: allow 6 weeks; giving old and new addresses and seven-digit account number. Postmaster: Send Form 3579 to Science, 1515 Massachusetts Avenue, NW, Washington, D.C. 20005. Science is included in the Reader's Guide to Periodical Literature and in several specialized indexes.
