SCIENCE is published weekly on Friday, except the last week in December, by the American Association for the Advancement of Science, 1515 Massachusetts Avenue, NW, Washington, D.C. 20005. Second-class postage (publication No. 404440) paid at Washington, D.C., and at an additional entry. Now combined with The Sciences Monthly. Copyright © 1980 by the American Association for the Advancement of Science. Domestic individual membership and subscription (51 issues): $38. Domestic institutional subscription (51 issues): $75. Foreign postage extra: Canada $14, other (surface mail) $17, air-surface via Amsterdam $45. First class, airmail, school-year, and student rates on request. Single copies $15.00 (by mail); back issues $2.50 ($3 by mail); classroom rates on request. Change of address: allow 6 weeks, giving old and new addresses and seven-digit account number. Postmaster: Send Form 3579 to Science, 1515 Massachusetts Avenue, NW, Washington, D.C. 20005. Science is indexed in the Reader's Guide to Periodical Literature and in several specialized indexes.
BOOK REVIEWS
At Odds, reviewed by J. F. Kett: The Human Biology of Circumpolar Populations, C. J. Utermohle; Pollution Ecology of Estuarine Invertebrates, R. O. Brinkhurst; Living without Oxygen, C. P. Mangum and N. A. Mauro; Books Received ........................................ 584

Immunofluorescent micrograph of rabbit iliac artery 30 minutes after endothelial removal. Indirect immunofluorescence was used to demonstrate platelet factor 4 antigen in the adhering platelets and in the vessel wall (about ×2000). See page 611 [I. D. Goldberg et al., Beth Israel Hospital, Boston, Massachusetts]
