The display rate for advertising in SCIENCE will be $200 minimum as of 1 January 1981.

The University of Texas at Austin
A tenure-track assistant professor position is now open in the field of structural pharmacology. The position is effective January 1981 or September 1981, depending on availability of successful applicant. Teaching responsibilities in undergraduate and graduate courses in structural pharmacology, participation in departmental course fields, and supervision of graduate research in the area are anticipated. Applicants should have completed and published research in this area. Completion of a Ph.D. is required. Send a letter describing research interests, curriculum vitae, and names of three references to: Dr. Earl F. McBride, Department of Pharmaceutical Sciences, University of Texas at Austin, P.O. Box 7899, Austin, Texas 78712.

The University of Michigan Medical School, Department of Pharmacology, invites applications for a research associate position in the area of pharmacology on an NIH-supported program. Candidates should have a Ph.D. or M.D. degree and have experience in the area of metabolic pathway regulation. Selection will be based upon experience, ability to work independently, and possible contributions to the existing research area. The pay is $12,500 per year. Applicants should submit their curriculum vitae, description of research interests and experience, and names of three references to: W. J. K. Kress, Department of Pharmacology, The University of Michigan Medical School, Ann Arbor, Michigan 48109. Consideration will be given to applicants from minority groups. The University of Michigan is an equal opportunity/affirmative action employer.

The University of Wisconsin—Madison
The Department of Biochemistry invites applications for a tenure-track position as assistant professor. The position is available immediately. Applicants should hold a Ph.D. degree and have demonstrated capability to do independent research in biochemistry. A background in molecular biology and experience in protein purification will be viewed favorably. Applicants should send a letter of application and a curriculum vitae to: The Department of Biochemistry, University of Wisconsin—Madison, 1201 University Avenue, Madison, Wisconsin 53706.

The University of Michigan Medical School, Department of Pharmacology, invites applications for a research associate position on a research grant. Selection will be based upon the best combination of research qualifications and potential for future development. The pay is $12,000 per year. Applicants should submit their curriculum vitae, description of research interests and experience, and names of three references to: W. J. K. Kress, Department of Pharmacology, The University of Michigan Medical School, Ann Arbor, Michigan 48109. Consideration will be given to applicants from minority groups. The University of Michigan is an equal opportunity/affirmative action employer.
