Tale of the Orphaned Genes

SCIENCE is published weekly on Friday, except the last week in December, by the American Association for the Advancement of Science, 1515 Massachusetts Avenue, NW, Washington, D.C. 20005. Second-class postage (publication No. 484640) paid at Washington, D.C., and at additional entry. Now combined with The Science Monthly®. Copyright © 1981 by the American Association for the Advancement of Science. Domestic individual membership and subscription (51 issues): $43. Domestic institutional subscription (51 issues): $80. Foreign postage extra: Canada $24, other (surface mail) $37, air service via Amsterdam $55. First class, airmail, school-year, and student rates on request. Single copies $2 ($3.50 by mail); back issues $3 ($5.50 by mail); classroom rates on request. Change of address: allow 8 weeks, giving old and new addresses and seven-digit account number. Postmaster: Send Form 3579 to Science, 1515 Massachusetts Avenue, NW, Washington, D.C. 20005. Science is listed in the Reader's Guide to Periodical Literature and in several specialized indexes.

Cover

Antarctic Weddell seal (Leptonychotes weddelli) initiating a dive under the ice shelf near Ross Island, Antarctica. The length of diving depends on regulated blends of anaerobic and aerobic metabolism in different tissues and organs. See page 509. [R. Davis, Scripps Institution of Oceanography, La Jolla, California]
