Building Knowledge and Understanding: Enduring Assets of Society
BOOK REVIEWS

Polywater, reviewed by D. Eisenberg; A Delicate Arrangement, D. Kohn; Reflections on Science and the Media, S. A. Lakoff; A History of the Calculus of Variations from the 17th through the 19th Century, A. F. Monna; Books Received ................................................. 1104

REPORTS

The Short-Term Temporal Spectrum of Precipitable Water Vapor: D. C. Hogg, F. O. Guiraud, W. B. Sweezy .................................................. 1112
Detection of Overflow Events in the Shag Rocks Passage, Scotia Ridge: W. Zenk ............................................................... 1113
Polymorphism in the 5'-Flanking Region of the Human Insulin Gene and Its Possible Relation to Type 2 Diabetes: P. Rotwein et al. ............. 1117
Growth Inhibition by Adenosine 3',5'-Monophosphate Derivatives Does Not Require 3',5'-Phosphodiester Linkage: T. F. J. Martin and J. A. Kowalchyk ............................................. 1120
Somatomedin B: Mitogenic Activity Derived from Contaminant Epidermal Growth Factor: C.-H. Heldin et al. ........................................... 1122
Ethanol Reveals Novel Mercury Detoxification Step in Tissues: J. D. Dunn, T. W. Clarkson, L. Magos .................................................. 1123
Brown Adipose Tissue: Thermic Response Increased by a Single Low Protein, High Carbohydrate Meal: Z. Glick, R. J. Teague, G. A. Bray .......................... 1125
Fertilizability of Ova Ovulated and Recovered from Rabbit Ovaries Perfused in vitro: Y. Kobayashi et al. ............................................ 1127
Biosynthesis of Bioterin: Adrenergic Cyclic Adenosine Monophosphate–Dependent Inhibition in the Pineal Gland: G. Kapatos et al. ............. 1129
Allelopathy Between Zooplankton: A Mechanism for Interference Competition: C. Folt and C. R. Goldman ........................................... 1133
Central Nor epinephrine Metabolism During Alcohol Intoxication in Addicts and Healthy Volunteers: S. Borg, H. Kvande, G. Sedvall .................. 1135
Functional Restoration of Vision in the Cat After Long-Term Monocular Deprivation: D. C. Smith ......................................................... 1137
Behavioral Effects of Lead and Toxocara canis in Mice: Z. S. Dolinsky et al. ................................................................. 1142

Technical Comments: Metabolism of Catechol Estrogens by Erythrocyte Catechol-O-Methyltransferase: G. W. Bates and E. Jackson, Jr.; Duration of Preschool Effects on Later School Competence: J. M. Horn; R. B. Darlington; Preventing Maternal Cannibalism in Rats: R. D. Reynolds; Microencapsulated Islets in Diabetic Rats: F. Lim and A. M. Sun .................................................. 1145
