The seasons understand that balance is the heart of change, and understanding that, the seasons always rearrange. Yet still the order seems as endless cycles round the sun, and when we think we’ve learned something, the lesson’s just begun.

[From “Lighten Up and Let It Go,” Bobby Bridger, © 1981 Stareyes Music (ASCAP), 7085 West 8th, Austin, Texas 78701; words used by permission; painting by George D. Boutwell, Jr., Austin] Texas longhorns at a water-hole. As the grazing industry developed at the turn of the century, the parasite *Cochliomyia hominivorax* became a major pest of livestock. Autocidal control of the pest has led to new problems. See page 361.
