The world's leading scientists get it every week and so should you... at ½ price.

Scientists who are leaders in their field and who get to reap the rewards of their achievements are among Nature's most eager readers. And they are renewing their subscriptions to Nature in record numbers.

If, like them, you keep searching for ways to speed up your research, or if you're looking for advancement where you work, or are thinking of moving on to something more stimulating, how can you afford to be without your own personal subscription to Nature?

It's the most certain and consistent way to get the research results, news, opinion, and analysis you need, while they're still fresh and can be applied most usefully to your own work.

With your own Nature, you'll be well ahead of the monthly journals whose reports often lag a year or more behind ours. And there isn't a science weekly anywhere that covers research developments in as many parts of the world, as fully and authoritatively, as Nature does.

The good news is that we've cut Nature's personal subscription rate in half and, to top it off, if you subscribe for a full year, we'll send you, free, a copy of Nature's new, annual Directory of Biologicals. Planned for fall 1982, the Directory will be the first truly worldwide buyers' guide to biological products. It will be available only to yearly subscribers (or, for $45, to buyers of the hardcover version, in bookstores).

A personal subscription to Nature has never been more attractive. We urge you to clip and mail the coupon today. For credit-card orders only, call toll-free now, 24 hrs/day, any day: (800) 824-7888 Ask for Operator 130.

In California: (800) 852-7777 Ask for operator 130.
Whether you're thinking retirement or not, review the plan that provides for cash withdrawal and/or a lifetime income.

TIAA-CREF Supplemental Retirement Annuities (SRAs) offer you substantial flexibility including cash withdrawal and/or lifetime retirement income. You can even reduce your income taxes now!

You can begin contributions to an SRA at any age and begin benefits at any age up to age 71 unless you are still employed (then you can delay beginning benefits until age 80). For example, you could start contributions at age 25, and choose to begin benefits or withdraw cash at age 34, 40 or 50, regardless of your employment status.

Get your money at any time.

You can receive benefits as a lifetime income or over a fixed period of from 2 to 10 years. What's more, if you need it (even while employed by your current employer), you can withdraw all the money you have accumulated by surrendering your contracts. Or, you can withdraw $1,000 or more every six months. There is never a cash surrender charge.

Contributions are tax-deferred, so you pay less income taxes now.

The federal income tax on your contributions is deferred until they are paid to you as benefits. So, you pay less tax now.

Changing employers? Take SRAs with you.

Since you own your Supplemental Retirement Annuities, you take them with you if you leave your current employer. You can make contributions through any institution that makes Supplemental Retirement Annuities available to staff members. Contributions can be as little as $25 a month.

Full information.

Complete and mail the coupon for an SRA Information Kit today. You'll get full details about all the advantages SRAs have to offer, why this plan suits so many financial situations and age groups and how much you may contribute to the plan.

*TIAA-CREF provides annuities and other services for employees of colleges, universities, private schools and certain other nonprofit tax-exempt educational and research institutions.

HELP YOURSELF TO A BRIGHTER FINANCIAL FUTURE

5 FEBRUARY 1982
THE FIRST ANNUAL CONGRESS FOR
HYBRIDOMA RESEARCH
15-17 FEBRUARY, 1982, LOS ANGELES, CALIFORNIA
THE BILTMORE HOTEL

CO-CHAIRMEN
ZENON STEPLEWSKI • HILARY KOPROWSKI
WISTAR INSTITUTE, PHILADELPHIA, PENNSYLVANIA

The FIRST CONGRESS ON HYBRIDOMA RESEARCH has been organized by SCHERAGO ASSOCIATES, INC. and the Journal, HYBRIDOMA and GENETIC ENGINEERING NEWS. (Published by Mary Ann Liebert Publishers, Inc.)

SYMPOSIA AND SPEAKERS

SYMPOSIUM I: GENES, IDIOTYPES, ANTIDIOTYPES
Chairman:
Dr. Joseph M. Davie; Washington University, St. Louis, Missouri, USA
Speakers:
Dr. Latham Claffin; University of Michigan, Ann Arbor, Michigan, USA
Dr. Leroy Hood, California Institute of Technology, Pasadena, California, USA
Dr. Malcolm Geffter; Massachusetts Institute of Technology, Boston, Massachusetts, USA
Dr. Brian Cleveinger; Washington University, St. Louis, Missouri, USA

SYMPOSIUM II: TERMINAL DIFFERENTIATION
Chairman:
Dr. Giovanni Rovera; The Wistar Institute, Philadelphia, Pennsylvania, USA
Speakers:
Dr. J. Thomas August; John Hopkins University, Baltimore, Maryland, USA
Dr. Barbara Knowles, The Wistar Institute, Philadelphia, Pennsylvania, USA
Dr. Cox Terhorst, Harvard Medical School, Boston, Massachusetts, USA
Dr. Melitta Schachner; Universitat Heidelberg, Heidelberg, Federal German Republic

SYMPOSIUM III: ANTIGENS OF INFECTIOUS AGENTS
Chairman:
Dr. Michael B.A. Oldstone; Scripps Clinic and Research Foundation, La Jolla, California, USA
Speakers:
Dr. Luc Perrin; Hospital Cantonal, Geneva, Switzerland
Dr. Walter Gerhard; The Wistar Institute, Philadelphia, Pennsylvania, USA
Dr. Michael J. Buchmeier; Scripps Clinic and Research Foundation, La Jolla, California, USA
Dr. Dwight Lopes; The Wistar Institute, Philadelphia, Pennsylvania, USA

SYMPOSIUM IV: ONCOFETAL ANTIGENS
Chairman:
Dr. Richard Metzgar; Duke University, Durham, North Carolina, USA
Speakers:
Dr. Richard Metzgar; Duke University, Durham, North Carolina, USA
Dr. Zenon Steplewski, The Wistar Institute, Philadelphia, Pennsylvania, USA
Dr. Barton Haynes; Duke University, Durham, North Carolina, USA
Dr. Jean-Pierre Mach; Ludwig Institute for Cancer Research, Lausanne, Switzerland

SYMPOSIUM V: T CELL HYBRIDOMAS, HUMAN HYBRIDOMAS
Chairman:
Dr. Fritz Mchlers; Basel Institute for Immunology, Basel, Switzerland
Speakers:
Dr. Henry S. Kaplan; Stanford University, Stanford, California, USA
Dr. Carlo Croce; The Wistar Institute, Philadelphia, Pennsylvania, USA
Dr. Tadamitsu Kishimoto; Osaka University Hospital, Osaka, Japan

Scientists interested in presenting poster papers may obtain abstract forms from Zenon Steplewski, Wistar Institute, 36th & Spruce, Philadelphia, PA 19104.

Regular Registration: $275 (Includes Banquet and Subscription to the Journal, HYBRIDOMA
Student Registration: $175 (Includes Banquet only). Must be verified in writing by Department Head.
Attendance will be limited. Make checks payable to: Scherago Associates, Inc.–Hybridoma.

☐ Please reserve space(s): Registration fee must be included.
☐ Will register On-Site (On-Site Registration will start on Sunday, February 14th 12:00 noon)

Return to: Hybridoma, c/o Scherago Associates, Inc. • 1515 Broadway, New York, N.Y. 10036 • Tel: (212) 730-1050
Contents

Electronics and Computers. Lewis Branscomb, Vice-President and Chief Scientist, IBM Corporation

Computers: A Survey of Trends and Limitations. Joel S. Birnbaum, Director of Computer Research Center, Hewlett-Packard Laboratory

Ultrafast Phenomena in Semiconductor Devices. Charles V. Shank, Head, Quantum Physics and Electronics Department, and D.H. Auston, Member, Technical Staff, Bell Telephone Laboratories

Computers in Manufacturing. Christopher A. Hudson, Manager of Strategic Planning and Development, Advanced Manufacturing Department, Westinghouse Corporation

Computer Graphics. Turner Whitted, Member, Technical Staff, Bell Telephone Laboratories

Advances in Process Control. David L. Morrison, President; R.H. Snow, Engineering Advisor; and J.P. Lamoureux, Research Engineer, IIT Research Institute

Office Automation, R.J. Spinrad, Vice-President, Research; Xerox Palo Alto Research Center

Microelectronics and Computers in Medicine. James Meindl, Director, Stanford Electronics Laboratories

Evolution of the Intelligent Nationwide Telecommunications Network. John Mayo, Executive Vice-President, Network Systems Division, Bell Telephone Laboratories

Business Use of Satellite Communications. Burton I. Edelson, Senior Vice-President, COMSAT General Corporation, and R.S. Cooper, Director of the Defense Advanced Research Projects Agency

Electronics and Computers for Individual Services. Ruth Davis, President, The Pymatuning Group

Database Systems. Michael Blasgen, Manager of Advanced Systems Technology, IBM Federal Systems Division

Computers in Scientific Instrumentation. Christie G. Enke, Professor of Chemistry, Michigan State University

Optical Disk Technology. Charles Goldstein, Chief, Computer Technology Branch, National Library of Medicine

Software. Glen C. Bacon, Director, Santa Teresa Laboratory, IBM Corporation

International Competition, John Walsh, Science

The University Role in the Computer Age. J.G. Linvill, Director, Industrial Programs, Stanford University

Prepublication price: $2.50; regular price after publication: $5.00

Address orders to: AAAS, Dept CF, 1515 Massachusetts Avenue, NW, Washington, DC 20005

All orders under $10 must be prepaid.
