Personal Computer; Cell Culture Chamber; Refrigerators; Sample Preparation; Human T Cell Growth Factor; Infrared Spectrometer; Literature .................. 1424

COVER
Representatives of families of land mammals that participated in the Great American Faunal Interchange. Animals shown in North America migrated northward from South America (and vice versa) after the appearance of the Panamanian land bridge about a million years ago. See page 1351. [Marlene Hill Werner, Field Museum of Natural History, Chicago, Illinois 60605]
