POSITIONS WANTED

Sensory—Perceptual Psychologist. Ph.D. 1979. Three years of postdoctoral work, research specialization in psychosensory and recognition/information processing and electrophysiology. Possesses teaching experience; ability to write well. Desires research position in academic, government, or industrial setting. Box 99, SCIENCEx

AQUACULTURAL ENGINEER, doctorate in engineering, with experience of strong interest in aquaculture, for teaching and advising at the graduate and undergraduate level and research in an ongoing program at the University of California, Davis. Responsibilities for teaching and research are in the broad area of aquaculture, the environmental aspects, and the climate and culture systems and water treatment processes. The position is open in the assistant professor (11-month) range; salary level will be commensurate with qualifications. Applications, including curriculum vitae, summary of research experience, list of publications, transcripts of undergraduate and graduate work, and at least four letters of reference, should be sent to: Michael D. Bowers, Chairman, Department of Agricultural Engineering, University of California, Davis, California 95616.

POSITIONS OPEN

ADJUNCT PROFESSORSHIP AT STANFORD UNIVERSITY
A 50 percent research adjunct professorship is now open in the Mechanical Engineering Design Division at Stanford University. This position has a co-appointment at 50 percent in the Civil Service at the State of California, Pacio Alto Medical Center, in the Orthopaedic Biomechanics Division of the Rehabilitative Engineering Research and Development Center. Applicants should be tenure-equivalent in mechanical or biomedical engineering with a clear record of research productivity in the field of orthopedic biomechanics and rehabilitative engineering. The position carries principal investigator dependent upon qualifications and experience. To develop a sponsored research program and supervise doctoral candidate research. The Orthopaedic Biomechanics Laboratory is concerned with developing a basic understanding of the musculoskeletal system and methods for assisting those suffering from musculoskeletal disorders. Detailed information on the position will be included in a résumé, two selected publications, and the names of three references as soon as possible to: Dr. Robert L. Puhl, Mechanical Engineering, Stanford University, Stanford, Calif. 94305.

Stanford University is an Affirmative Action/Equal Opportunity Employer.

Electrocardiologist/Vertebrate Zoologist/Herpetologist, Ph.D. in zoology; 5 years of teaching experience in general zoology, ecology, vertebrate zoology, and science and the humanities. Seeks teaching and/or research position in academia or industry. Box 96, SCIENCEX

Electron Microscopist, M.S. Five years of experience with publications. Seeks position in academic or industrial laboratory with TEM, SEM, and EDS x-ray microanalyzer. Willing to relocate. Excellent references. Box 97, SCIENCEX

Environmental Chemist/Agronomist. Ph.D. Pesticide residue analysis of water, feed, fat, and soil. Adsorption study of farm wastes by soils. Ethanol and leachate study. Strong background in GC, GPC, AA, and wet methods. EPA standard methods. Telephone: 601-373-0264 before 9 a.m. or after 5 p.m. CDT. Box 51, SCIENCE.

Management, M.B.A.: Molecular Biology, M.S. Managerial and technical experience in both basic and applied research laboratories. Strong technical, statistical, and science background in publications and presentations. I am a highly motivated individual seeking a challenging career requiring managerial and scientific skills. Box 98, SCIENCE.

ASSISTANT PROFESSOR position open in the Biological Department, Gannon University, beginning August 1982. Must be qualified to teach anatomy (human and comparative); experience in transmission electron microscopy preferable. Ability and willingness to assist in introductory biology required; must be dedicated to undergraduate teaching. Ph.D. required; tenure-track. Application deadline: 15 May 1982. Send curriculum vitae and names and addresses of three references to: Dr. Kenneth Andersen, Chairman, Biology Department, Gannon University, Erie, Pa. 16415. Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR—GEOLoGY
The Department of Geology, University of South Carolina, invites applications for a tenure-track appoint- ment of assistant professor or a 1-year temporary appointment, beginning in late August 1982. Inquiries concerning the position may be directed to: Dr. John Fletcher, Chairman, Department of Geology, University of South Carolina, Columbia, S.C. 29208.

The University of South Carolina is an Affirmative Action/Equal Opportunity Employer.

ASSISTANT PROFESSOR—PHARMACOLOGY
The Pharmacology Department of Washington University invites applications for a tenure-track position. Applicants will be expected to carry on independent research and assume the teaching and training of medical students and pre- and postdoctoral fellows. The position requires a Ph.D. with postdoctoral training in a field of research related to pharmacology and neurobiology. Applicants should have a strong background in areas of research that will be commensurate with the criteria of the program. The University of South Carolina is an Affirmative Action/Equal Opportunity Institution.

ASSISTANT PROFESSOR, PLANT MOLECULAR CELL BIOLOGY
The Department of Botany and Plant Pathology, Michigan State University (MSU), invites applications for a tenure-track position of assistant professor in the area of cell biology, molecular cell biology, or cytobiology. The position will be available on 1 September 1982, to fill no later than 1 July 1983. The University of California is an Affirmative Action/Equal Opportunity Institution.

Tenure-track position at ASSISTANT PROFESSOR level beginning August 1982 is available in the Department of Biomedical Engineering and Mechanics, College of Engineering, Virginia Tech, Blacksburg, Virginia 24061. A Ph.D. in biological or materials science, with experience in research and teaching at the undergraduate level is required. Excellent teaching record and publication record expected. Salary commensurate with qualifications. More information can be obtained from: Dr. W. A. Schiess, Chair, Department of Biomedical Engineering and Mechanics, Virginia Tech, Blacksburg, Virginia 24061.

The Wayne State University Department of Pathology is seeking candidates for a full professor level position in immunology. The successful candidate will be expected to have an active independent research program and to contribute to the teaching of the graduate program in immunology. Salary negotiable commensurate with experience. The new appointee will be appointed as a tenured-track faculty member.

The University of Texas Southwestern Medical School is seeking candidates for a tenured faculty position at the rank of associate or full professor. The successful candidate will be expected to have an active independent research program and to contribute to the teaching of the graduate program in immunology. Salary negotiable commensurate with experience. The new appointee will be appointed as a tenured-track faculty member.
