POSITIONS OPEN

ANATOMY, FACULTY POSITION—The Department of Anatomy of the Medical College of Pennsylvania has a tenure-track faculty position available to begin January 1983. Candidate should have postdoctoral experience and a record of research experience with the capacity to function as an independent investigator in cellular or molecular neurobiology and the ability to teach or to learn to teach medical microbiology. Rank and salary will depend upon qualifications and experience. Applications should be submitted including statement of research interests and the names of three references. Send resume, including statement of research interests and the names of three references, to: Dr. Leonard L. Ross, Chairman, Department of Anatomy, Medical College of Pennsylvania, 3300 Henry Avenue, Philadelphia, Pa. 19129. An Equal Opportunity Employer, M/F.

BENTHIC BIOLOGICAL PROCESSES
North Carolina State University, Raleigh

A tenure-track position is available in the Department of Marine, Earth and Atmospheric Sciences at North Carolina State University. Applicants are especially invited from individuals trained in the areas of limnology and oceanography. Responsibilities include teaching courses on processes having interests in: (i) animal-animal interactions with specific expertise in sedimentary processes; and/or (ii) physical processes with specific expertise in pore water nutrients or organic geochemistry. A Ph.D. is required. The candidate will be expected to strengthen the graduate teaching and research programs. Applications should include a résumé and the names of at least three references to: Dr. Leonard L. Ross, Chairman, Department of Marine, Earth and Atmospheric Sciences, North Carolina State University, Raleigh, N.C. 27695. Applications may be submitted after November 1982. North Carolina State University is an Equal Opportunity/Affirmative Action Employer.
