REPORTS

Topography, Albedo-Temperature Feedback, and Climate Sensitivity:
G. E. Birchfield and J. Wertman ........................................... 284

Removal of Uranium(VI) from Solution by Fungal Biomass and Fungal Wall-
Related Biopolymers: M. Galun et al. .................................... 285

Environmental Effects of an Impact-Generated Dust Cloud: Implications for the
Cretaceous-Tertiary Extinctions: J. B. Pollack et al. .................. 287

The Use of Strontium-87/Strontium-86 Ratios to Measure Atmospheric Transport
into Forested Watersheds: W. C. Graustein and R. L. Armstrong .......... 289

Removal of Uranium(VI) from Solution by Fungal Biomass and Fungal Wall-
Related Biopolymers: M. Galun et al. .................................... 285

Autotrophic Picoplankton in the Tropical Ocean: W. K. W. Li et al. ....... 292

Sulfide Binding by the Blood of the Hydrothermal Vent Tube Worm Riftia
pachyptila: A. J. Arp and J. J. Childress .................................... 295

Blood Components Prevent Sulfide Poisoning of Respiration of the Hydrothermal
Vent Tube Worm Riftia pachyptila: M. A. Powell and G. N. Somero .... 297

Insulin Receptor: Evidence That It Is a Protein Kinase: R. A. Roth
and D. J. Cassell ............................................................ 299

Prostaglandins Mediate Inhibition of Gastric Acid Secretion by Somatostatin in the
Rat: M. Ligumsky et al. .................................................... 301

Protein Kinase Injection Reduces Voltage-Dependent Potassium Currents:
D. L. Alkon et al. ............................................................ 303

Prorocentrin: An Extracellular Siderophore Produced by the Marine Dinoflagellate
Prorocentrum minimum: C. G. Trick et al. .................................. 306

Multiple Sclerosis: Distribution of T Cell Subsets Within Active Chronic Lesions:
U. Traugott, E. L. Reinherz, C. S. Raine .................................. 308

Protein Kinase Injection Reduces Voltage-Dependent Potassium Currents:
D. L. Alkon et al. ............................................................ 303

Prorocentrin: An Extracellular Siderophore Produced by the Marine Dinoflagellate
Prorocentrum minimum: C. G. Trick et al. .................................. 306

Multiple Sclerosis: Distribution of T Cell Subsets Within Active Chronic Lesions:
U. Traugott, E. L. Reinherz, C. S. Raine .................................. 308

Evidence for the Neuropeptide Cholecystokinin as an Antagonist of Opiate
Analgesia: P. L. Faris et al. ................................................ 310

Regulation of Queen Number by Workers in Colonies of Social Insects:
D. J. C. Fletcher and M. S. Blum .......................................... 312

An Unusual Lepidopteran Sex Pheromone System in the Bagworm Moth:
B. A. Leonhardt et al. ....................................................... 314

Quinolinic Acid: An Endogenous Metabolite That Produces Axon-Sparing Lesions
in Rat Brain: R. Schwarcz, W. O. Whetsell, Jr., R. M. Mangano .......... 316

COVER

Tesuque watersheds near Santa Fe, New Mexico, are covered by forests of coniferous Engelmann spruce and deciduous aspen. The spruce apparently quadruples the atmospheric input of strontium to the watersheds by trapping strontium-bearing aerosols, but the trapping by aspen is unmeasurably small. See page 289. [William C. Graustein, Yale University, New Haven, Connecticut 06511]
