American Association for the Advancement of Science was founded in 1848 and incorporated in 1874. Its objects are to foster the work of scientists, to facilitate cooperation among them, to foster scientific freedom and responsibility, to promote the effectiveness of science in the promotion of human welfare, and to increase public understanding and appreciation of the importance and promise of the methods of science in human progress.

COVER

Landsat-1 photograph of southeastern area of Michigan. Detroit, site of AAAS Annual Meeting (26–31 May 1983), is in upper left portion. Faint grid marks indicate heavily populated area. Bodies of water (dark blue areas) are Lake St. Clair east of Detroit and Lake Huron south of the city. See page 948 for Preliminary Program of the Annual Meeting.
