POSITIONS OPEN

ASSISTANT PROFESSOR—BIOCHEMISTRY

The Department of Chemistry at the University of Notre Dame is seeking applications for a tenure-track position beginning in the fall of 1985. Applicants are encouraged from individuals interested in the chemical basis of biological processes. Preference will be given to applicants with postdoctoral experience. The successful candidate is expected to establish and lead an active research program in any one of the following areas: DNA replication, gene expression, or nucleic acid structure. The candidate is expected to participate in the teaching of undergraduate and graduate courses.

The department is situated in a new, modern research building. Colleagues with complementary research interests are available. Send a resume, three references, and a description of your research interests by 15 February 1985 to: Dr. Thomas P. Feilner, Chairman, Department of Chemistry, University of Notre Dame, Notre Dame, Ind. 46556.

Notre Dame is an Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR OF BIOLOGY

Tenure-track assistant professor of biology with specialization in CELLULAR NEUROBIOLOGY. Ph.D. or M.D. degree required. Complete instruction in both undergraduate and graduate courses in cell biology and neurobiology; supervise M.S. and Ph.D. track. Salary dependent on fall 1985 research program. Ph.D. degree required; postdoctoral experience preferred. Academic year salary: $21,000-$24,000. Effective October 1985. Applicants should submit curriculum vitae and statements of research interests, goals, and three letters of reference to: Professor John S. Williston, Department of Biological Sciences, San Francisco State University, 1600 Holloway Avenue, San Francisco, Calif. 94132. Closing date: 15 January 1985.

San Francisco State University is an Affirmative Action/Equal Opportunity Employer.

The University of Michigan Medical School has a position available for an ASSOCIATE PROFESSOR, CEREBROVASCULAR PHYSIOLOGIST, to become Director of Neurovascular Research in the Department of Surgery, Section of Neurosurgery, and to assume a tenure-track faculty position in the Department of Physiology. Duties include: establishing an outstanding research program in the Section of Neurosurgery; teaching physiology to medical, other health professional students, and graduate students. Necessary qualifications: Ph.D. or M.D. degree, at least 2 years of postdoctoral research experience, and a track record of research dealing with endothelial cell transport mechanisms. Send letter of application to: Dr. Jack L. Kostro, Chairman, Department of Physiology, University of Michigan Medical School, Ann Arbor, Mich. 48109.

UNIVERSITY OF CALIFORNIA, IRVINE, seeks individuals at the level of ASSISTANT PROFESSOR OF MEDICINE in the Division of Basic and Clinical Immunology. Candidates must have Ph.D. degrees and have at least 4 years of postdoctoral research experience in immunology. Candidates with research interests in basic and clinical immunology are preferred. Send curriculum vitae, list of publications, and at least three letters of reference by 20 December 1985 to: Dr. Robert G. Go, Chief, Basic and Clinical Immunology, Med Sci C1, C264A, University of California, Irvine, Calif. 92717, An Affirmative Action/Equal Opportunity Employer.
