**PERSONNEL PLACEMENT**

**POSITIONS WANTED**

**Physician (M.D.)** with clinical research and teaching experience in physiology requires postdoctorate in molecular/cell research institute or position in biotechnology/pharmaceutical industry. Box 284, SCIENCE.

**Recent Graduate with biochemistry and management degrees seeks employment and investment opportunity in a biochemistry firm. Reply to: Laurence Seenan, Number 7-5500 Rosedale Avenue, Cote St. Luc, Quebec, Canada H4V 2J1. Telephone: 514-486-7100.**

**Research Assistant, M.S.** experienced with recombinant DNA, enzyme immunoassays, radioisotopes, nick translation, DNA hybridization, autoradiography, sterile techniques, DNA isolation. Seeks challenging position in molecular biology. Box 798, SCIENCE.

**Toxicologist, Ph.D.** Seeking industrial position: desk or laboratory. Postdoctoral research in DNA, mutagenesis mechanisms and assays, molecular biology of mitosis, metabolism and distribution studies, halogenated hydrocarbons, development of analytical methods. Trained in safety evaluation and risk assessment. Additional academic experience in biochemistry, immunology, and dermatology. Experience in personnel training and supervision. Well organized researcher with excellent communication skills. 1620 Agye Crescent, Ann Arbor, Mich. 48103. Telephone: 313-995-0113. 12/7/4

**POSITIONS OPEN**

**ANIMAL OR MICROBIAL ECOLOGY**

The Department of Biology, University of Oregon, solicits applications for an experimentalist at the assistant professor level, with potential for tenure. Priority will be given to candidates with sound research publications and demonstrated ability to obtain research support. Exceptional excellence is essential. Responsibilities include performing research and teaching both graduate and undergraduate students. Application requirements: Curriculum vitae, a bibliography, a statement of research interests, copies of publications, and the names of at least two references. Send applications to: Search Committee, Department of Biology, University of Oregon, Eugene, Ore. 97403. The deadline for applications is December 20, 1984. The University of Oregon is an Affirmative Action/Equal Opportunity Employer/Institution.

**ASSISTANT PROFESSOR (tenure-track)—The College of Marine Studies, University of Delaware, announces a 12-month, tenure-track marine biology/biochemistry faculty position in one of the following areas (one position approved and several pending approvals): (i) marine microbiologist/microbial biochemistry, physiology and/or ecology, (ii) genetics of marine organisms, and (iii) marine systems ecology (modeling). Responsive to the development of a vigorous research program, teaching and student advisement in the area of expertise. Applicants should send curriculum vitae, list of publications, summary of research goals, and names of three references by 1 January 1985 to: Dr. J. Kent Price, Chairman, Search Committee, College of Marine Studies, UNIVERSITY OF DELAWARE, 700 Seaside Road, Lewes, Delaware 19958. The University of Delaware is an Affirmative Action/Equal Opportunity Employer.**

**ASSISTANT PROFESSOR—ANATOMY**

Applications are invited for a tenure-track position in the Department of Anatomy, University of North Dakota School of Medicine, to become available July 1985. Ph.D., M.D., or equivalent with at least 2 years of postdoctoral training and experience in cell biology, immunology, biochemistry, or related areas. Successful applicants must be able to demonstrate expertise in teaching histology and development at the undergraduate level, and contribute substantially to the departmental graduate program. Send curriculum vitae, descriptions of research and teaching experience, and at least three letters of reference by 15 January 1985 to: Dr. C. M. Strong, Chairman, Department of Anatomy, University of North Dakota School of Medicine, Box 5220, Grand Forks, North Dakota 58202. The University of North Dakota is an Equal Opportunity/Affirmative Action Employer and invites applications from all qualified individuals.

**ASSISTANT PROFESSORS IN BIOLOGY**

Applications invited for tenure-track positions available 1 September 1985. Ph.D. required. Duties include teaching undergraduate courses in general biology, cell/molecular biology, microbiology, or developmental biology. Candidates should have a commitment to excellence in teaching. Salary commensurate with experience. Minority applicants strongly encouraged to apply. An Equal Opportunity/Anonymous/Affirmative Action Employer. Send letters of interest and curriculum vitae by 15 January 1985 to: Dr. E. Pascual, Department of Biology, Kenyon College, Gambier, Ohio 43022.

**ASSISTANT PROFESSOR—ENTOMOLOGY**

Full-time, tenure-track position. Joint appointment with the Illinois Natural History Survey and the University of Illinois at Urbana-Champaign; 100 percent research position. Applicants should develop programs in quantitative insect ecology with emphasis on population dynamics and systems analysis. Ph.D. in biology or related field. Evidence of competence in computer methods and mathematical analysis also required. Salary commensurate with experience. Application: curriculum vitae, and names and addresses of three references to: Dr. W. G. Ruesink, Department of Entomology, 1561 Illinois Natural History Survey Building, Champaign, Illinois 61820, by 15 January 1985. The University of Illinois is an Equal Opportunity/Affirmative Action Employer.
